

TRAGEDY LEVEL OF BILL GATES

ZULFIKAR MOINUDDIN AHMED

Bill Gates is adamant to his possible death soon as US Defense is ready to kill him soon that he want to be a fucking parasite and refuse to stop cutting up my eye and live off my meta elements.

Even though "white rights" etc against nonwhites already disappeared before his birth in a series of political upheavals regarding whether Asian-Americans will gain full rights or not, well before 1955, and later as Jim Crow laws disappeared, he maintains his delusional view of white privilege to harm and cut eyes and do massive harm to non-whites in America.

No one will be given a chance to mourn the death of this malevolent worthless cunt.

1. BILL GATES YOU WANT TO HAVE A FUCKING CRISIS OF FAITH THAT US DEFENSE WILL NOT KILL YOU?

2. GREEK TRAGEDIANS ARE CORRECT HUBRIS CAUSES TRAGEDY

Bill Gates' hubris is literally outsized beyond all imagination. He's totally ignorant, provincial ignorant beyond all imagination, but his hubris is just outrageous. Now some people like the skanky pathetic corrupt higher ups in US Justice Department bet on him against me citing his higher levels of power. I am not compelled. My Republic politics is global level, and my emotional drama, as you can see from the email is world class. He's a dead mother fucker, Bill Gates. As I have said many times before, don't fuck with Zulf. Zulf will wipe you out from Annals of History and turn the entire Human Race including your dear mother against you. Ok?
