

ARCHANGEL ZULF MESSAGE TO HUMAN RACE NOVEMBER 12 2021

ZULFIKAR MOINUDDIN AHMED

My Beloved People the Human Race,

I want to assure you that I do love you and will probably keep an eye on your well-being in the future. The universe has millions of races and I will be quite busy, but an Archangel's favour is generally good enough to keep you alive and breathing for a while. Overall you're a good Angelic Race, good progress on Virtues in the past millenium. I am seeing murder and rapes have generally gone down. I am not impressed with some of your World Wars at all. Try not to do those again. Now I will rearrange the World Order to mitigate some problems. I want Germany, France, and England to produce a mutual defense pact with Russia, China, and Japan. I am quite sorry but I can't worry about all the national worries separately. I am an Archangel. I won't get involved in nitty gritty. I want a Natural Rights Security World Order. I added a bit more to the US Declaration of Independence Preamble. I'll do a bit more on Virtues of Romantic Love to fix up Aristotle's work. I have some more things to do but I am displeased that you did not kill this Demon Bill Gates. I will complain to the Demon Lords of the Universe that they ought to have been at least this much respectful that an Archangel was on Earth and extract one of their own. This is Angel turf and we are so nice to Demons. After all they have done to me. You know in one Angelic World, quite a bit more advanced than this, I was doing some Republic leadership, and they blew up the star and killed billions including me. This has got to stop. Archangels cannot be disrupted in Angelic Worlds. I did careful work to check that Human Race is an Angelic Race, and suddenly out of nowhere, an uncouth Demon without any cultivation begins abusing me with all manner of Evil Sorcery and he has no knowledge of human history. He is obsessed with hiding behind some sort of ethnicity theory. Anyway, I won't complain too much to you. You are not responsible for this.

1. ARROGANT DEMON BILL GATES WHAT WILL YOU DO BY DAMAGING MY BODY AND KILLING ME?

Demon "Bill Gates",

Your presumption is impressive in a way but foolish. Your various black magic powers will damage my body and health but it will have nary an effect on my eternal soul. I shall remain an Archangel of Heaven. Much of my desires to provide a few of my gifts to this race, the human race, are in good order. I have given them the final theory of macroscopic physics that will stand as the bastion of truth; I have shown them universal human moral nature, and soon I shall complete for them the puzzle of spectrum virtues including those of romantic love that will give them the guide to their own life satisfaction. I have done this without financial compensation

at all. I have passed on some of my important projects to ECB under the care of a very good soul, Christine Lagarde. How will you influence an Angelic Race more than an Archangel by these petty and disgusting tricks of yours, Demon. Do you really think that you, a Deceptive and Malevolent Demon, shall rule over an Angelic Race while an Archangel still lives on this world? I am sure that is what you do believe. It will not be possible Demon. You do not belong here.

Thank you, ZULFIKAR MOINUDDIN AHMED USCIS# 046-077-179

2. THE GREAT UNITY OF DEFENSE POWERS IN MY DEEP INTERIOR

A long careful consideration of all the German hard meta showed that Bill Gates had cut deep into my deep interior and produced an area with huge amounts of German War Power. I invited Russia, France, England, China, Japan, and India to enter my Deep Interior to match the German War Power with their Powers to produce a unity of World Defense Power.

It is a great event that will eventually make this world better for defense security. So although it was a Demon who did part of this work, it was in the end beneficial.
