

**ZULF'S OPEN LETTER TO UNITED STATES GOVERNMENT
FEBRUARY 14 2022**

I learned today that Bill Gates has been experimenting and wasting my Sexual and Man meta for more than a year. This constitutes one of the most egregious and heinous and disgusting and vile abuse of power by Bill Gates that is far beyond the conception of any decent gentleman. This man has used war power against me in peacetime. Asia is right to consider this an implicit Declaration of War against Asia for I am American of Asian origin. My papers are here. They are legitimate.

Date: February 14, 2022.

You have been repeatedly asked to eliminate Bill Gates and you have still failed to do so. My life is severely threatened and I am unable to function normally as I have constant headaches and feel various physical pressures that are extremely uncomfortable due to damages due to Bill Gates. I will once again ask you to bomb and obliterate this horrible savage beastly monster Bill Gates immediately. My warnings are recorded. Do not be surprised at total extinction of the United States of America from your bad judgments regarding Bill Gates. You created this monster, and this monster threatens not only my natural rights but that of 100 million non-whites in America and billions around the world. He sabotaged my American Dream blockading \$620 million Finance earnings. You will be held responsible for all damages to my life, and you will face severe repercussions with lawsuits costing the government more than \$1.5-2 trillion even if I do not die. Bill Gates is a public danger to the American People, and you knew that he was a racial murderer for many decades but you failed to destroy him before he accosted me.

You must pay a serious price for this malfeasance and it was your senior officials who even disallowed England from employing me. You are the enemies of the American People and Bill Gates is your instrument of Evil.
