

LETTER OF DECEMBER 3 2021 TO FOREIGN MINISTRIES OF EURASIAN POWERS

ZULFIKAR MOINUDDIN AHMED

Dear Eurasian Powers,

I am Zulf. I have named you *Eurasian Powers*. You are England, France, Germany, Russia, China, and Japan. I would like you to accept this terminology first. You are *Eurasian Powers*. Please use this in history books and textbooks and newspapers, and other publications.

I would like you to produce a defensive alliance and produce a defensive zone that covers the entire Eurasian region. I want you to call this alliance *Eurasian Defense*. You will agree on a number of things in the alliance.

- The Natural Rights of all peoples of Eurasians must be secured
- The peace and security of Eurasian landmass cannot be threatened by external military invasion
- Eurasian Powers will normalize defenses of all nations in the region and provide joint defense
- Peace and security of Eurasia will not be disrupted by external – such as United States – efforts

Date: December 3, 2021.

I would like you to nix those efforts at the United Nations Security Council citing these war preparations as violations of Article 34 of United Nations Charter. Then I would like you to expel United States from Eurasia. United States has the history of genocide of Native Americans. Eurasian People do not deserve to be under their threat.

Sincerely,

Zulfikar Moinuddin Ahmed
