

ZULF IS CERTAIN OF MY IMMORTAL GENIUS FOR MILLIONS OF YEARS IN THE FUTURE

ZULFIKAR MOINUDDIN AHMED

My four-sphere theory is absolute truth of Nature. It will stand for millions of years in the future as the final laws of Nature, and all things of existence, seen and unseen, above $\delta = 10^{-15}$ cm, shall fall under the sway of my four-sphere theory. Nature itself follows my four-sphere theory. My Ahmed-d'Alembert Law is the only fundamental law of Nature. There will never be in a million years in the future, any law that will be more accurate. Ahmed-d'Alembert Law, also called *S₄ Electromagnetic Law*, displaces Maxwell's Laws of Electromagnetism and Schroedinger's Equation as well as Einstein's Gravitational Field Equations. All these other laws are provisional and approximate while my Ahmed-d'Alembert Law is the Final Law of Nature.

It does not matter whether people in this primitive age have *Consensus* regarding whether their acceptance that I am an immortal genius. I am far greater as immortal genius than Isaac Newton, than James Clerk Maxwell, than Albert Einstein, than Erwin Schroedinger, than Paul Dirac, for I have discovered alone, with my own efforts, without great compensation, the fundamental truth of physical law that is the Final Theory. The 1900-1930 paradigm has been displaced already with concrete numerical work by myself.

If the Scientific Consensus and Nobel Prize Committee does not recognise my work today it means very little to me because my four-sphere theory is eternal, and the world will be compelled to accept it in a century, or in two centuries, or three, or five. Four-Sphere Theory will still be eternal truth of Nature, and I will still remain an immortal genius.

I am also an immortal genius for my discovery, empirically of Universal Human Moral Nature. On this matter I have far exceeded the genius of Immanuel Kant, of Friedrich Nietzsche and all moral philosophers of the Western Civilisation. I have given explanation of moral virtues in the genetic code in common among all human beings, G_c , that is 99.9% of all genome of all human beings, and supported some theorists such as Geoffrey Miller of UCLA who had also speculated that virtues are a product of evolution. But I was the first to produce empirical verification for Universal Human Moral Nature.

These are some of my great contributions to human understanding of the Natural World that were never understood in the past millenia in Western Civilisation or Eastern.

I stand on very solid results for my clarity regarding my own place in history. That I am an immortal genius is without any doubt to myself.

Now whether America and West will honour my genius is not in my control. They have not thus far. It changes nothing for me. I am the holder of truth here and so I do not care about the opinions of people who are ignorant.

1. I AM AMUSED BY META CONSIDERATIONS OF BILL GATES I CAN HEAR

Bill Gates cut into my eyes. In the past two years I have evaluated his intellect and found it to be menial. Bill Gates, in my assessment is not very intelligent at all. He is an intellectual charlatan and I can give you a great deal of evidence for it. He is a college dropout, and is not even in the arena of intellectual genius. However, he has fooled many people and gained powers, and this is a total disaster for American Civilisation. People who are illiterate, incompetent in their own education as Bill Gates should never be allowed to get involved in issues of intellectual genius which are serious matters. Bill Gates is too stupid, ignorant, and dull to be evaluating people who are actual serious intellectual innovators such as myself.

He is dumber than a doorknob. He has absolutely no talent in science whatever. He does not respect empirical data, and he disrupts the work of people thousands of times more intellectually able and serious in their contributions than himself. The man is so illiterate and incompetent that he repeats 'Natural Rights are claptrap' while promoting Steven Pinker's *Enlightenment Now* as his favourite book of all times. The best thing the world can do is slaughter him brutally, and I encourage United States Government of doing exactly that. The world does not benefit when born criminal and racial supremacists like Bill Gates are given enormous wealth and power. He ought to be wiped off from the face of the Earth completely.
