

NO PENSION AND SOUP KITCHEN LINE FOR 1.4 MILLION WHITES IN AMERICAN GOVERNMENT

ZULFIKAR MOINUDDIN AHMED

White People In American Government,

If UN Security Council discovers even one of your power thingies against me while John Roberts has already threatened to fire you if you do not enforce laws against Bill Gates, I will demand that not only that 1.4 million White Americans in American Government get fired, but that all pension benefits be denied so you can enjoy soup kitchen lines and dumpster diving with all the tramps for the rest of your goddam lives.

You think your Constitutional obligation to secure my Natural Rights is a joke huh? You want to play with me mother fucking cunts? You think you have power and you will take all Americans' tax money and have a cushy life and support the murderers you sons of bitches? I'll show you. I will destroy your lives you mother fucking sons of bitches.

I'll not only fire your asses, but I will ensure all your pensions are nixed.
