

PONDEROUS TIRED COMMENTS OF AN EASTERN NOBLE CULTIVATED IN AMERICA

ZULFIKAR MOINUDDIN AHMED

I am of an aristocratic lineage in the East of three thousand years. I don't often tell you this, Western People, but I grow tired of your tolerance for these Bill Gates types. You have slaughtered some of the most talented and noble souls during the French Revolution following your ideals and dreams of the individualist utopia, and now, denied the wisdom of actual aristocracy, you allow a menial and cruel criminal such as this "Bill Gates" to denigrate someone who was far greater than all of your aristocrats of Europe in 1789. But I will endure and I will survive this grave insolence of yours, West. I will Civilise the West for you have not been capable of Civilisation that sustains. That burden falls, alas, on myself. You have some potential yet. You produced a Percy Bysshe Shelley and that is good. That is a good reason not to wipe the whole lot of you off the world.

1. UNITED STATES EXECUTIVE BRANCH WHITES

The United States Executive Branch Whites are perfect example of what transpires when all the Aristocrats are killed off. They have a lot of laws, but being comfortable in their cradle of power, they do not enforce the laws uniformly. They have criminal laws that are routinely violated by Bill Gates but they do not enforce them by arbitrary unaccountable whim. These things do not even happen in Empires very often, that the government officials are lax and undisciplined and arbitrary and anarchic in enforcing laws. These are some of the effects of French Revolution. By and large American people work hard to earn their livelihood. They give generous sums to the government in taxes which pay the bills of American Executive Whites, but they have no respect and are totally terminally corrupt and lie to the people all the time and do whatever pleases them because they are unaccountable. So they allow a murderer like Bill Gates harm and kill a great immortal genius like Zulfikar Moinuddin Ahmed shredding the US Declaration Preamble because, they must feel, that they are quite secure from penalty. I am displeased with American Executive Whites. They will have to pay for this insolence of office.

2. DEMOCRATIC REPUBLICS CANNOT SURVIVE NON-ENFORCEMENT OF CRIMINAL LAW AGAINST WEALTHY

Bill Gates has violated American Law continuously for more than a year by destructive invasion of my Deep Interior. American Executive Branch has simply failed to punish him at all for a year. America as a Republic will not survive this failure.

3. BILL GATES IN A PEASANT STOCK MAN WITH ILLEGITIMATE POWER

Civilisation learned from the myth of Seth and Osiris more than three thousand years ago about the dangers of the Usurper to legitimate Divine King. Bill Gates is a peasant stock man who had acquired some power, had no cultivation in civilisation, and so he does not appreciate that illegitimate power applied to a law abiding American is no less of a grave crime against the legitimate power in American, the Will of the American People. He is a Usurper and Villain, and ought to be tried for Treason and executed.
