

ZULF CONSIDERS AMERICAN GOVERNMENT OFFICIALS IMPOSSIBLY STUPID

ZULFIKAR MOINUDDIN AHMED

Just how stupid American Government officials are is still unclear. They address a man who never learned anything at all about American Government or Democracy at all in high school, was coddled as a prodigy which he was not at all and lied about his SAT score, had believed he was born to rule the world as a tyrant all his life which is his lifelong dream, murdered non-white people all his life using black magic and government powers for five decades, who denigrates natural rights as 'claptrap', believes we, America, won the Vietnam War, is far more extreme in racial supremacy ideas than any Auschwitz butcher, and they pretend he is their ally and an American gentlemen. What do they eat and drink at the government to make them so stupid that my imagination is challenged to understand the level of stupidity. The man destroyed my interior, ethnic meta, used US War meta against my Body meta, used Enslavement and Conquest meta, and they think he is a prominent respectable gentleman who is interested in preserving American Democracy.

Hold on Stimpy, go, Stimpy go, you are not idiot enough to match the American Government officials.
