

OPEN LETTER TO JOHN SUNUNU

ZULFIKAR MOINUDDIN AHMED

Look John Sununu, Pentagon Warchiefs were tasked to kill Bill Gates for violations of international war crimes laws and US Domestic criminal laws. United States Government was unable and unwilling to kill him. I suffered enormous harm while US Executive Whites would refuse. Then Penatagon War Chiefs were greenlighting my death rather than the criminal's. Now I don't really give a damn about your ideas about American Defense problems. Either you take personal responsibility or I want Russian forces to take him out and you keep your trap shut. My life is infinitely more important than your Defense claptrap. Do you understand?
