

OPEN LETTER TO THE X-FILES ORGANISATION

ZULFIKAR MOINUDDIN AHMED

Dear X-Files Organisation,

Bill Gates seems as nice as Big Bird in Sesame Street in his public appearances. I was rather naive and have always tended to trust people as good. In fact my empirical work that led to a theory of universal human moral nature, which ultimately is more important to the world than even the immortal work in four-sphere theory and which has overthrown quite sophisticated theories of Friedrich Nietzsche and Immanuel Kant whose status was unknown to contemporary intellectual world. I had discovered that in quite concrete ways, there is a universal distribution of human moral values where around 90-95% of people of the world are good people in the values they hold. I also found that the variation due to ethnicity is bounded by 6.5-9.5% of the variation which will be quite surprising to many people both in East and West as the world had been quite ignorant about this as there has been both established intellectual effort to promote ideas of a racial character in England and France and Germany in the nineteenth century that still have enormous sway in the United States of America. My work will fundamentally rescue the human race from darkness and ignorance of many centuries and bring about a better future for all my beloved people the human race.

Now Bill Gates is a serious threat to all peoples of the world and not just non-white people. X-Files Organisation ought to do everything possible to destroy his Empire and burn him at the stake for he is a Demon Soul born on Earth and such evil the human race, an Angelic Race, will not be able to tolerate.

Bill Gates continuously reveals his lifelong ambition clearly and I am extremely irritated that United States Government does not take seriously what he explicitly claims to be his lifelong agenda with deep conviction. He says his lifelong dream is to rule the west and ensure the *survival of the white race*. This is most disturbing to me that United States Government does not destroy him immediately.

Let me explicate the situation so that you are clear about his meaning and add some knowledge gained from experience with dealing with this racial murderer and born criminal Bill Gates.

- He believes in a 'white race'. There is no objective evidence at all that there was any 'white race' in the history of Earth. But he believes that there is a 'white race' and that this race was meant to rule the world and that other human beings are meant to be slaves and serve this 'white race'.
- He believes this fictional 'white race' is facing some sort of existential threat to its survival. There is very little evidence obviously that there is any more danger to threat of survival of white people than anyone else's but that does not matter to him. These are his religious deeply held convictions
- His 'white race' concept is extremely vile. He believes that it is his duty to destroy and harm non-white people in America and around the world as

Date: January 1, 2022.

that is the *purpose* of the white man. He believes that happiness of white people is based on ensuring poverty, disease and death to non-white people

I could go on but this man needs to be totally destroyed immediately and those who do not destroy him immediately ought to be held in contempt for their decision in every Nuremberg trial on Earth.

Thank you,

Zulfiakar Moinuddin Ahmed
