

## INSTRUCTIONS TO CHINA ABOUT GLOBAL INDIVIDUAL DEBT

ZULFIKAR MOINUDDIN AHMED

Dear China,

I am Archangel Zulf. I will remind you that my people are suffering and my heart is moved by their great pains. Now I want you to do this with European Central Bank.

I want you to borrow \$5 trillion and manage individual debt of all eight billion on Earth lending this out. I want rationalisation of debt rates using a transparent quantitative model. I was planning to do this myself, but it seems the racial mass murderer Bill Gates will succeed in starving me of all income even though I am American and American Government will conspire to kill me and destroy my life.

I will face great shame if I perish and have to face the accusing faces of all the other Archangels who will insult me by being kind about my errors on this little planet. I cannot bear it. Be merciful to an old Archangel, China. Do this immediately.

Thanks, ZULFIKAR MOINUDDIN AHMED
