

**WHITE AMERICANS WHO ARE NOT SURE WHETHER
ZULF'S ACCOUNT OF HORRORS OF BILL GATES WILL BE
TREATED LIKE GERMANS WHO WERE NOT SURE ABOUT
AUSCHWITZ**

ZULFIKAR MOINUDDIN AHMED

Christine Lagarde the ECB Chair is Jewish and she did some considers and found that roughly Bill Gates was much more horrible to my eyes than any Nazi to any Jewish eyes throughout early twentieth century.

White Americans who say they are not sure if Zulf is exaggerating or not exaggerating about Bill Gates' Evil Malevolence will not be treated any differently by history. That's just the way human history works. You will be considered in future as enablers of great evil, and you and your progeny will face scorn by some. I don't control these things; that's just the way things are.

If you know that something is very very bad and you don't do something, you don't speak up, you act as though you don't know, etc. You'll get burned in history's reckoning. The laws of these things are frighteningly clear.

Most White people might be no different morally than any other ethnicity, but those who pretend that they can't be sure etc. will be treated similarly to how Germans not directly involved in Nazi treatment of Jews were during Holocaust. They will be seen as *enablers of great evil* and as inhumane and so on.

Is this what I wish on you? I don't know you, so I don't. But I do not control human nature and human moral judgments. I am just telling you the obvious, that if you hear of great evil and you do not do anything, history is not kind to you.
