

**UNITED NATIONS CAN YOU ASSIST ENGLISH QUEEN TO
GIVE ME EMPLOYMENT?**

ZULFIKAR MOINUDDIN AHMED

Queen Elizabeth is willing to employ me as Special Attache to United Nations in America and keep my money safe in a Bank of England account entitled *Zulf's Piggy Bank (Do Not Touch)* with my \$620 million safe from the thief and knave Bill Gates. Can you arrange this right away? I am quite frustrated at how you cannot do simple things like this. Why can't you just arrange this and give me an email?

In case England is the employer, I want Agent 006, not 007, and I will officially serve United Nations. I will show you my cool sunglasses.

Date: November 22, 2021.

As I said, I am fine with Martini shaken not stirred, but I am not English ethnic and so I don't want the spot of James Bond.

1. QUEEN ELIZABETH USE LOW TECH LOW POWER APPROACHES

Why don't you just recruit someone English in my vicinity
915 Meadowgate Drive,
Allen Texas 75002

Give them some money, like \$20 million and tell them to drive to my location representing England to offer me a job as Special Attache and hand me some money in paper currency?

Your usual meta methods will keep failing because Bill Gates has sabotaged a lot more than you think. Low tech will work.
