

**OPEN LETTER TO ALL JEWISH PEOPLE ON EARTH
DECEMBER 2 2021**

ZULFIKAR MOINUDDIN AHMED

My Beloved Jewish Brothers and Sisters,

I, Zulfikar Moinuddin Ahmed, have embraced all human beings as my beloved people, and you are included in them. I love all humanity and out of love I ask you for a favour. You see three poets, T. S. Eliot, R. M. Rilke, and P. B. Shelley, has laboured in my service and prophesied my life in their works. Eliot's *The Waste Land*, Rilke's *Duino Elegies*, and Shelley's *Prometheus Unbound* were all written in my service. They had some difficulties, at least Eliot and Shelley, with Jewish people and culture.

I ask you to forgive them, for my sake, please. Forgive their errors, and allow that they have their historical stature as great poets without further strife. I am pleased by what they had done for me. I will be most grateful if you stopped any further denigration to all of them for their errors, and I will take responsibility for their anti-Jewish sentiments.

Thank you,

Zulfikar Moinuddin Ahmed
