

JOURNAL DECEMBER 11 2021: WHAT NEEDS PRESERVATION OF LIFE OF ZULF?

ZULFIKAR MOINUDDIN AHMED

In the future, the hagiographers will need some material regarding *Life of Zulf*. They will need to have some more detailed records. They might be interested in the books that were important to me during the last days of my life. My breathing is quite laboured now, as the racial criminal murderer Bill Gates black magic was not countered. I was expecting United States Government to kill him when he began his assault more than a year ago but recently Human Rights Watch, London, consider found their betrayal, where they colluded with the criminal to destroy me. I am obviously on the right and will remain optimistic and carry the torch of justice.

Now I am quite busy with studying quite a few things, and am rather annoyed at the disturbance due to rotten corrupt incompetent American Government. I hate distractions generally and do not like this inconvenience at all.

Let's look at what I have been interested in examining in more detail.

Musil is an interesting cat and I am quite interested in his thoughts as I am thinking about morality of the human race. I am quite annoyed that these inferior illiterate morons like Bill Gates whose value to the world is so much less than mine ought to have the brazen insolence to even disturb the great immortal genius. Now *Moral Fruitfulness* is a 1913 essay of Musil which takes after Nietzsche's *Beyond Good and Evil*. I am most interested in Musil's ideas of course with the point of view of universal human moral nature that I have discovered and elucidated for my beloved people the human race. An interesting thought occurs. Let H be the set of all human beings, with roughly $|H| = 10^{10}$, ten billion members. Now let us play a game. Let us assume that human beings come in two varieties, *good* and *very bad*.

I won't go into details about what will constitute them. I want to just do a simple exercise.

I claim the following. There exists a set $H_{bad} \subset H$ such that $H - H_{bad}$ would be a better world than H . Now I don't want you to get excited and gas the Jewish people again. Just relax. Calm down. H_{bad} are not the Jews, ok. Good. The issue is not whether the idea is bad. The idea is *necessary*. The problem is that we don't know with absolute clarity who are the H_{bad} .

1. I DON'T LIKE 'THE JEWISH QUESTION'

I didn't like 'The Jewish Question' at all. I am nixing all 'Jewish Question'. I did examine Jewish morals. They are reasonable. They are in range of human race parameters.

I want to establish "On the American Whites In Government and Bill Gates Question". These are bad people. So I want to propose that H_{bad} was misunderstood for centuries and there is a very good chance that the 'real baddies' were hiding until they joined the American Government and befriended the Demon Bill Gates. So I will be advocating that the baddies of the world are Bill Gates and the white people in American Government.

This is good, because they fit into the sort of minority that is worth persecuting. So I want everyone to stop persecuting Jews and Muslims and other sorts of people. I want everyone to instead look at this minority, American White People in Government and Bill Gates.

Let's make sure they are persecutable size minority. They are around 1.4 million. Jews are 15.2 million. So they are 11 times smaller than the world's Jewish population. That's extremely persecutable! That's so persecutable, maybe all of them will fit into Auschwitz without needing extension. He can easily just gas them all at once, and then without H_{bad} the rest of the world will happily ever after in a Paradisical world without baddies.

2. SOME OUTWARD DISTINGUISHING MARK

Some of these American White People in Government are quite gullible and proud of being part of the organisation. Let's find them something to show outward signs that they belong to a persecutable minority.

This is good. These stupid gullible white people in American Government can be forced to wear armbands or something with these seals. They will think that this is a mark of pride. In reality this will allow everyone in the world to recognise them as an extremely persecutable minority.

3. ZULF PRACTICES THE PITCH

Oh ye proud officials of the great and mighty nation United States of America, the land of the free and home of the braves, why do you hide from us. Why don't you wear the Seal of United States with great pride? Yes, wear these seals to show your proud membership in the great government of a great nation.

Good. I think they will fall for this and then we will make them $H_{bad} \subset H$. Then we'll persecute them around the world. This will work!

4. AH UNITED NATIONS THINKS THEY ARE ENDANGERED MINORITY?

Fine, so well shelf the persecution of this minority. I do need the goodwill of the United Nations to succeed and will yield to their concerns about persecution of minorities. Fine fine. I will shelf this idea for now but I want to register a change from *The Jewish Question* to *The American Whites In Government and Bill Gates Question* regardless.

5. WELL AMERICAN GOVERNMENT WHITES HAVE TO TAKE RESPONSIBILITY FOR ALL HARM DONE TO ME

Human Rights Watch London have determined that American Government colluded with Bill Gates to destroy me. This means the entire American Government Whites have to take full responsibility for the horrible crimes that were committed by them and Bill Gates where my Body and flesh and deep interior have been breached with horrible disgusting power that hurts my body with excruciating pains, makes my breathing heavy and difficult and my natural rights have been violated in the most heinous, vile and savage manner for over a year. I will need justice and I will obviously appeal to every institution of justice in the world for satisfaction and retribution of harms to my interest.

6. UNITED STATES OF AMERICA DOES NOT HAVE ANY LEGITIMATE GOVERNMENT

I am worried that the international community is not yet aware that there is *no legitimate government* at all in the United States of America. I know this from personal experience. The US Declaration of Independence Preamble specifies that governments are instituted among men to secure natural rights. But United States Government colluded with Bill Gates to destroy me. This implies the crisis of nonexistence of any legitimate government in the United States of America.

I wonder how the United Nations will handle this crisis. The United States Government that is currently operating is not legitimate.

7. AMERICAN LANDMASS HAS 330 MILLION PEOPLE WHO NEED A LEGITIMATE GOVERNMENT

The founders of 1776 were quite clear that governments are instituted among men to secure natural rights but for whatever reason the 1.4 million white people in American Government colluded with evil criminal Bill Gates and does not provide the vital service of securing natural rights of 330 million Americans. United Nations has to address this gigantic crisis that is proven clearly in the case of natural rights of Zulfikar Moinuddin Ahmed. I have 100% certainty that the 1.4 million white people in American Government do not provide this service to the American People. They are not a legitimate government of America.

8. BILL GATES CERTAINLY OUGHT TO BE KILLED BUT PERHAPS ALL OF WHITE AMERICANS IN GOVERNMENT AS WELL

Murderers are part of H_{bad} and are either removed by isolation and life sentences or by capital punishment. Bill Gates is much worse than any murderer and is my my assessment the worst person in history, the bottom of H_{bad} . Now I claim that many white people in the American Government, specifically all those who support Bill Gates, are part of H_{bad} as well. Recall that H_{bad} consists of the set of people that, if totally eliminated and killed, would ensure that $H - H_{bad}$ the remaining human beings, will have a better world and can operate in peace and harmony.

9. ZULF CAN DELIVER NO WARS IN ASIA AND DISSOLUTION OF NATO

England, Germany, and France, look United States Government is found to (a) be illegitimate for refusing to secure natural rights of the American Man Zulf and

(b) planning wars against Article 34 of UN Charter, why don't you exit NATO? Now Russia, I am delivering dissolution of NATO why don't you join Asia and ally with England, Germany, and France and China and Japan too for Eurasian Defense. I want Zulf's Natural Rights World Order. I will ensure United States cannot start a single war in Asia.

What will you do for Zulf here? I want my \$620 million and I want a good life with perhaps Julia, the Ukrainian lady in San Francisco. What can Eurasia do for me?

10. UNITED STATES GOVERNMENT WHY DON'T YOU STOP ASSUMING WHAT I REPRESENT FROM YOUR CRUSADES ERA IDEAS?

My name is Zulfikar Moinuddin Ahmed. It's a Muslim name, so suddenly they impose on me their medieval fantasies. Pay attention and learn who I am politically. So stupid.

You see, I see opportunity here for challenging the *legitimacy* of the United States Government for failures to secure natural rights in America, and sabotage all post NSC-68 era American war plans in Asia. It's not exactly an Islamist agenda. It's a different sort of World Order Agenda. I am not a fool. You see, Crusades took place in 1100-1350. Both Christianity and Islam survived. You're the morons you sabotaged Twin Towers and began a Crusades again, as though you're going to now do something that was not already tried. You think *you* will compete with me in geopolitics? Amusing. Most amusing indeed.

11. ALL-ASIAN UNITY WILL UNITE WESTERN AND EASTERN ASIA

Today for the Chinese, the inner mental barrier is marked by the Great Wall with the idea rather than technical geography.

As you can see the great wall on a large map was more concerned with invasions from the north of Beijing horizontal line. But in the mind of many Chinese, there is a barrier still of an All-Asia Consciousness. I will remove this from all people of Asia. Gamal Abdel Nasser had attempted a Pan-Arabism in West Asia and was killed mostly by efforts of Americans and Israelis.

But you see, I am American, and I am closer to America's founders than all the white people in American Government. But I am also of Asian origin from a country that is *just irrelevant enough* to pull off an Asian Unity Consciousness live from Allen Texas. I am Indian ethnically but not technically. I am not Chinese. I am not Arab at all. I am not Iraqi or Iranian even though I have a bit of Persian blood. This is good. This is very very good. I will unite all Asians with a new identity, and forge a continent with a new flag.

Let's look at the beautiful flag I designe for 4.5 billion Asians.

Now I would like this unity to happen fast enough before United States begins another war in Asia. Whether you are Muslim or Buddhist or Hindu or Jain or Atheist, *you are Asians first!*
