

WHY BLACK PEOPLE IN AMERICA OUGHT TO THANK GOD FOR HARRY TRUMAN

ZULFIKAR MOINUDDIN AHMED

Several years ago I came across racists in Facebook dedicated to denigrating Barack Obama with enormous effort. I was unimpressed and they were unimpressed with me. I am not always fond of Democratic stance and Muslims had nothing to do with 9/11 so I was rather unenthusiastic about aspects of Barack Obama presidency.

But by far the most horrible, low, worthless President in American history is the White Man Harry Truman. He was so horribly bad and evil that all Black Americans should be praying to the Lord for his generosity.

No one can be sunk lower than Harry Truman. So Barack Obama will always be automatically and without any thought better than Harry Truman. Now Barack Obama is actually quite competitive with the others objectively. But that's not as interesting for me as guaranteed esteem of the first Black American President. He cannot be pushed in esteem below *all white Presidents* because Harry Truman will *always and forever* hold up the bottom.

1. ADVICE TO BLACK AMERICANS

Dead people cannot fight back. Use this to totally denigrate and besmirch and belittle *Harry Truman* who dropped nukes on Hiroshima and Nagasaki as the worst President of American history. Make sure black Americans are expert at how bad Harry Truman was. Then continuously denigrate Harry Truman as *The Worst President in American History Was A White Man*.

This is valuable, because any educated black man who can swing a golf club and wear clothes in a tasteful way and gab a bit with the press will always pass the bar and be considered *better Presidential material than Harry Truman*. No one can deny it. So then all sorts of White Supremacy efforts will be sabotaged.
