

WHY WOULD US GOVERNMENT DO THIS TO THEIR OWN PEOPLE?

ZULFIKAR MOINUDDIN AHMED

Why would US Government do this to their own people? That is what I don't understand. We are the American People. We pay taxes to support the US Government. I have been trying to understand this for a year now. Why would US Government do this to us, their own people?

Let me explain the situation a bit better. You see, this "Bill Gates" is one of the most horrible abominable evil creatures ever to have been born in human womb. First of all he was always psychopathic. I know for a fact that he had, in his Deep Interior sacrificed his own heart to Evil Gods. He has routinely killed people throughout his life. Pope Francis found that he was thoroughly evil not long ago. His plans are all evil. He wants to ethnically cleanse non-whites from America, enslave blacks and have neo-colonialism of non-whites. He is not just evil in a cool sort of way, but disgusting and vile. He walks around with jars of feces in public and is obsessed with toilets. He says Natural Rights are claptrap. As a matter of fact an uglier, a more disgusting and unholy, soul had never been born on Earth.

Why would US Government had taken this horrible abominable soul and supported him from early age and endanger the well-being of its own people, protect him and ensure he could become well off?

No political theory can explain the strange behaviour of American Government. Stalin and Pol Pot and Hitler would not even dream of doing it to their people. There has never been a tin pot dictator in any developing nation that would have done this to their people.

There has to be some sense to this, some understanding. Why would US Government do this to their own people? Why would they not eliminate such a horrible monster instead of making him a National Treasure?
