

**BILL GATES DOES NOT HAVE A GHOST OF A CHANCE IN  
CONVINCING ME THAT MY ACHIEVEMENTS ARE LESS  
THAN HIS**

ZULFIKAR MOINUDDIN AHMED

This is actually an interesting issue. Yes I am stubborn. I sacrificed a decade of my life working without pay, without any support at all, living with my aunt and taking abuse every day, living off disability, and successfully producing the correct theory of physics in the period 2008-2018. Four-Sphere Theory is true, and it is far greater a leap forward than Lemaitre, Einstein, and Schroedinger combined. There is nothing in Bill Gates' entire career that has any remote chance of achieving 1/100th of the genius of Four-Sphere Theory, nothing at all. My conviction about this is 1000%. There is nothing in the entire career history of Bill Gates from 1955-2021, or even a hundred lives of Bill Gates that will ever reach the great heights of genius and accomplishment of Four-Sphere Theory. Now I am a posh well-behaved Princetonian and do not generally blast my subjective convictions over the goddam world microphone, but this punk, Bill Gates had made the horrific barbaric decision to cut up my eyes, so I have no choice but to keep yelling my convictions to the entire goddam planet from California to Japan.

Now if he were actually literate and educated, he would not have the ludicrous idea that you can tamper with the subjective beliefs or faith of anyone. John Locke knew that you simply cannot do this. Nietzsche celebrated that even if there were powerful religions and movements in the external world one can find peace and independence in one's private heart. But Bill Gates is a barbaric monster who had decided to cut up my eyes and try to coerce my subjective convictions. That is not even a possibility in a million years. That is why people who are sensible take the view that they don't *give a flying fuck* about what other people think. That's my view about him. I am sure I am just superior in my achievements than him, but I am not an idiot and would not try to coerce him to accept my view. Let him be deluded. What the fuck do I care? I only care when he's repeating racial slurs disturbing my peace all day long. For that the right solution is bomb and obliterate and destroy the fuck, not convince him or teach him anything. I don't give a fuck what he thinks, and I am not insane enough to come up with a program to try to coerce him. He's an illiterate barbaric little shit.
