

**ZULF IS A THOUSAND TIMES BETTER THAN DEAN
ACHESON AND GEORGE KENNAN**

ZULFIKAR MOINUDDIN AHMED

American Government seems to have a strange idea about me. American Government, do not mistake this. I am a *thousand times* greater in geopolitics than both George Kennan and Dean Acheson. You want to tussle with Zulf? You better have some substance over there because if you mess up now, and continue with your war plans in Asia, you will be annihilated. You should not have displeased Zulf. Stand down and let Eurasia whack Bill Gates. I will get you something or other to rescue you later. Remove all implements of Asian Manifest Destiny from Washington immediately.
