

THIS WORLD HAS NEVER SEEN BIGGER LOSERS THAN YOU PENTAGON

ZULFIKAR MOINUDDIN AHMED

No wonder America got repelled by Afghanistan who had no tech at all and still repelled your invasion. You are the worst decision-makers in history. I told US Government in July to relentlessly bomb Bill Gates and obliterate him physically. You did nothing. You knew that he had plotted to murder me almost a year ago. You did nothing. See Martin Luther King, Jr. was right about 'white moderates'. You want to not do anything when the white enslaver and murderers enslave and kill, but you want people to think you are good people. So you pretend to be good, but you don't actually give a damn really when the victim is not white. And that is why, my eyes are cut up, Deep Interior breached with Heavy War and Industrial meta and Conquest and Enslavement meta for a goddam year and I am dying and you are *sensitive about what people will say if you killed the murderer*. Well fuck your reputation. You are losers. You are total scumbag racists, with disgusting sense of moral judgment.

What are you going to do? Kill the fuck with a heavy dose of warnings without any action while he kills me with every possible horrible destruction, destroys my livelihood? How does the logistics work for that? How many warnings kill people these days? You know in the old days, a million warnings were known not to do a goddam thing to a murderer in the process of murdering.
