

NEWT GINGRICH AMERICA WILL DIE FOR PEOPLE LIKE YOU

ZULFIKAR MOINUDDIN AHMED

Newt Gingrich you knew immediately that it was true, that Bill Gates is a murderer but you were Conservative and so you did not do anything. There are literally hundreds of millions of white Americans who are just like you. And that is how America will disappear. You have your excuses to allow a murderer to murder in plain daylight but you do not do a thing. And that's how White People in American Government is as well. American Government White People are all too unconcerned whenever a white murderer is running amok and they don't think that it's their job to bring white murderers – at least those with some money – to justice at all. And so it is a failed state.
