

WARNING TO ALL REPUTABLE ORGANISATIONS ON EARTH REGARDING BILL GATES

ZULFIKAR MOINUDDIN AHMED

1. BILL GATES IS AN EXTREME CRIMINAL

Bill Gates is an extreme malevolent criminal who is 100% deceptive about self-promotion. You do not know him. So don't pretend you do.

2. ZULF WANTS TO HOLD HIM ACCOUNTABLE FOR EVERY SINGLE CRIME IN META

Bill Gates is responsible for a very large number of death penalty worthy crimes against me. All reputable organisations are advised by myself to immediately pass on any information about Bill Gates from your considerations to US Defense, US Justice, and US Senate. Do not delay and keep your hands clean. I am targeting Bill Gates for total destruction. I will not – I repeat – I will not take any responsibility whatsoever if you think that you know better and do not immediately report all criminal activity by Bill Gates to the authorities because then you will be considered conspirators with him and your organisations will be destroyed in the end.

So be wise and keep your survival and self-interest under consideration and immediately and without delay report any discovery of criminal activity by Bill Gates to the proper authorities in the United States.

Most reputable organisations will not be able to survive the heat if you are considered conspirators in criminal activity with Bill Gates.

Dismiss my warning at your peril. It's not my headache to preserve your reputation. I have bigger problems. The malevolent cunt is using huge amounts of illegitimate power to destroy me, much of it of white racial character, disgusting toxic stuff.
