

**REMEMBER WORLD BILL GATES USED US WAR META
AGAINST MY BODY SEVEN OR EIGHT MONTHS AGO**

ZULFIKAR MOINUDDIN AHMED

Bill Gates used US War meta against my Body Meta more than seven or eight months ago, and I am American. This use was a grave violation of Geneva Convention against Prisoners of War, and he did this heinous vile, abominable savage horrific crime. He did it intentionally, in fact to establish some outrageously barbaric principle, in cold blood. General Lloyd Austin was aware of this quite quickly. And yet months pass by and yet today, US Executive Branch does not lift a finger. Who will think that American Government is legitimate after this? Who in the entire world thinks that any American deserves to be so mistreated by his own government. After so many years of service to the nation's economy, after so many works for the benefit of human race's deeper understanding of nature, of human nature, who will think that this government has served the best interests of the American people? Who will be sympathetic to their protest that they were star-struck by the glamour of his wealth? Who really believes that this evil murderous charlatan was ever a legitimate businessman?
