

HOW ABDUCTION OF 10,000 ADULT CHILDREN OF SENIOR AMERICAN WHITE GOVERNMENT OFFICIALS CAN BE JUSTIFIED AT UNITED NATIONS SECURITY COUNCIL

ZULFIKAR MOINUDDIN AHMED

You see, United Nations serves 8 billion, including 330 million Americans. They might say, well, this racial bias in America where non-white American Natural Rights are never addressed by 7000 White American Senior Government Officials is hurting 330 million Americans. It would be then easy to justify abduction of 10,000 Americans.

They could reason as follows. America has roughly 120 million non-white people, and White People in Senior Government roles are quite uninterested in their natural rights security. Even if only non-white American Natural Rights are considered, this would be approximately 0.01% of Americans affected to coerce change needed for 120 million Americans, so that is numerically more than justified.

Now in this particular case, Bill Gates did enough damage to kill any Bengali man according to England by November 4 2020 and I have numerous emails sent asking for United States Government to bomb and physically obliterate Bill Gates. I know that US Government consider showed that America is the only country in the world where I would still be endangered in Life, Liberty, Pursuit of Happiness; my American Dream would be sabotaged by Bill Gates obstructing \$620 million of *my own money* and American Government Senior White Officials would still be quite uninterested in doing their Constitutionally mandated duty and bringing Bill Gates to justice and securing my Natural Rights. More than a year later they seem still quite bored. In this case, the measure of abducting their adult children and experimenting on them is not going to hurt American People's interests at all that much. In fact, the *personally painful experience* will ensure that White People in senior roles in American Government do not neglect non-white Americans' natural rights ever again.
