

**ZULF PROPHECIES END OF UNITED STATES OF AMERICA
UNLESS BILL GATES IS TOTALLY DESTROYED AND KILLED**

ZULFIKAR MOINUDDIN AHMED

Bill Gates is a racial cat; he's extremely racial and is harming non-white people all day and all night breaking all national and international laws. Unless he is totally destroyed and killed I will predict the end of the United States of America. He has done enormous harm to me cutting up my eyes and destroying a lot of Indian meta inherited from my ancestors. He has to be totally destroyed for punishment anyway. But United States Government underestimates the repulsion and distrust that will occur in Europe and Asia if Bill Gates is not destroyed completely and killed and obliterated physically.
