

ZULF'S THEORY OF A SECRET CULT OF WHITE SUPREMACISTS FOLLOWING "PROTOCOL" TO EMPOWER AGENTS TO HARM NONWHITES IN AMERICA

I am not a journalist so do not expect journalistic rigour here. I am interested in understanding my own life, and I did not go and interview thousands of US Government officials for this note. Instead I have been dealing with horrors of meta power activity by this "Bill Gates" who I did not know from a can of tomato and about whom I had gained clarity through my own horrific unspeakable experiences over the past year.

First of all I am American. I am an immigrant from 1987 and I have immigrant papers from 1997 that expire now in 2031. Since it is not generally known, let me tell you first about what being an American who is not of the majority ethnicities, of European, African, Hispanic, is like. My ethnicity is Bengali-Persian. I am quite at home among whites and Latinos and blacks. I am an urban man, comfortable in London, New York, and San Francisco. I do not consider myself less American than anyone else, certainly I do not care for white Americans who think they are more American than myself. They are not. I am much more American than most of them because I believe in Universal Natural Rights and their fundamental importance. In my world, a true American is one who considers Universal Natural Rights to be sacred for all people of the world and others are at best fake Americans. Certainly many white Americans are American because of birth in this country but they are only as American as myself when they have my level of convictions about sacredness of Natural Rights of all people everywhere. Otherwise they are tepid pseudo-Americans to me, sham Americans, and not as American as myself. These are my convictions and I do not budge so don't try to argue with me about this. I will not change my mind at all. For me these are set in stone.

Now what I am going to tell you is that I believe that this "Bill Gates" was a hick from Seattle who was essentially a psychopath from his childhood, and he was chosen by a secret cult of White Supremacists in the United States Government following some code called "The Protocol" where they sought instruments of their agenda, to harm and destroy non-white people in the country and the world, and they would support and empower them and provide them protections, financial and power support of the United States Government. I have heard that this is an old white supremacist secret cult going back to the time of Herbert Hoover, who served as President from 1929-1933. So this old white supremacist secret cult had chosen, by my imaginative reconstruction, this "Bill Gates" when he was a young boy 1955-1965 and supported his rise to a tycoon. He was their instrument to harm and destroy non-whites in America and the world.

Of course this white supremacist secret cult was a Treacherous cult against our foundations, of US Declaration of Independence. Their "Protocol" was obviously not just "unconstitutional" for they were deliberately privileging some group of

people so that they had the right to and perhaps even duty to harm natural rights of other Americans, so the "Protocol" itself was High Treason all along.

So time went by and little psychopath Bill Gates, whose talents in coding were not particularly good but who had a glib ability to lie without compunction. He produced a great deal of third rate software products and his abilities in meta power were good in their destructive capabilities. He habitually assaulted the eyes of his rivals and destroyed their interior to get ahead and pretended to have gained success through means of ordinary business. He routinely destroyed nonwhites by similar means.

So this went on till 2020-2021 when this "Bill Gates" encountered Zulf, myself, and that was the beginning of the end for this secret white supremacist cult. Eddie Murphy had discovered the backers of Bill Gates were all white some days ago and slowly it became clear to me that this was an old secret white supremacist cult who call themselves 'handlers' of Bill Gates, their instrument against non-whites in America and around the world.

Now Bill Gates himself is an idiot hick without literacy but he is malevolent and without any moral compass or any wisdom. He used US War meta against me directly, violating Geneva Conventions, which of course must have been the plan of the secret white supremacist cult in the US Government who had been supporting him for many decades.

I will write more about this secret white supremacist cult later. What is important to understand is that they must be executed and purged from our government as soon as possible.

1. DECEPTIVE RHETORIC OF US GOVERNMENT

US Government says this "Protocol" is to protect and secure "prominent" businessmen and others in America. I do not believe this for a moment. What is absolutely clear to me is that this "Protocol" exists to empower, support and give security to those instruments of the secret cult of white supremacists who have peculiar interest and ability to destroy and harm *non-whites*. The cover story of this is just to protect *prominent* people is obviously not credible. What is credible is that the secret cult of white supremacists in the US Government wanted instruments of their continual war to destroy, harm, and maim non-white and their most destructive assets are *given* prominence so that the rhetoric sounds palatable that it is reasonable for US Government to give privileges and security to "prominent" people. This is not a clear farce. In fact those who do actually gain the patronage of the secret cult of white supremacists in the US Government are just those, like Bill Gates, who show extraordinary destructive barbarism and talent in harming nonwhite people.

2. TRAITORS IN UNITED STATES GOVERNMENT

This is a simple obvious deduction from Universal Natural Rights philosophy of US Declaration. Anyone in US Federal Government in the business of supporting violations of Natural Rights of non-whites are *traitors* to the United States of America. This is clear as day. This is true also of those who support violation of natural rights of *whites* but that part is not a problem. We need to cleanse and purge US Federal Government of all those UNWILLING to consider it their duty to secure non-white natural rights.

Why Treason in this case and not some other thing? The answer is that Treason in America is not against a Monarch but against US Declaration and US Constitution, which implies in having criminal intent to violate natural rights of American people including American nonwhite people.

3. ZULF DEMANDS RECKONING

Right now there are a large number of white people in higher positions in government who know all the horrible crimes that Bill Gates has committed against me and is still continuing and continuing and continuing and US Government, instead of putting the criminal cunt Bill Gates away, is still positioning itself and posturing. The US Declaration is not ambiguous about this. There is no confusion about this. All men are created equal with Natural Rights, says US Declaration, and Governments are formed to secure these rights. Well I am an American man. My papers are crystal clear. I am a Princeton man. Why is a hick illiterate criminal man still not put behind bars and why is he not put to death for his crimes against me yet? Why is United States of America not a Civilised country where people like me, honourable law abiding Americans, accosted by barbaric criminals like Bill Gates and the US Government is literally confused about what to do? How is this possible? How are people too illiterate to understand US Declaration getting high positions in the US Government?

Zulf demands explanations and Zulf demands a reckoning. United States of America cannot have these criminal fucks in power in government or industry.
