

**MESSAGE TO INDIA DECEMBER 24 2021: UNITED STATES  
GOVERNMENT MUST PAY FOR MY ARISTOCRATIC  
HERITAGE OF THREE THOUSAND YEARS**

ZULFIKAR MOINUDDIN AHMED

India,

I am American. My USCIS number is 046-077-179. I have been Permanent Resident here in the United States of America since 1997, and I am law-abiding. United States of America has allowed a racial criminal, Bill Gates, to literally empty out my Ancestral Noble Heritage of three thousand years despite numerous exhortations to secure my natural rights. Please hold United States fully accountable for my losses. Make sure it costs them a lot more than Bill Gates is worth. He has \$131 in net worth and controls \$1 trillion. I believe my Ancestral Heritage of three thousand years is worth more than that.

Begin negotiations for this destruction of my Ancestral Heritage that was the duty of United States Government to secure.

Thank you,

Zulfikar Moinuddin Ahmed

1. UNITED STATES KEEP CONTINUOUS CONSIDER PLEASE

I am intrigued that European peoples had managed to spawn such a vile disgusting barbaric savage beastly horror as this Bill Gates. My theories of human race does not at the moment even contemplate such a vile creature as him having been the product of an English-Scottish bloodline at all.

India, could you do Zulf a favour and examine the ancient roots of this Bill Gates? He is quite a bit more horrible, barbaric, vile, disgusting, savage, destructive, murderous than any of the myths and legends of England had ever recorded. I want India to keep record of the detailed history of exact destruction, the lineage of Bill Gates to around beginning of Roman Conquest of British Isles. Please ask historians to theorise alternative explanations to what might have led to an English-Scottish bloodline to produce such a horrible creature at all.

2. IT IS TRUE THAT I AM AMATEUR HISTORIAN BUT I CONCLUSIVELY  
RESOLVED THERE WERE NO HIJACKERS AT ALL IN 9/11

The mythology of 19 hijackers on the planes of September 11 2001 was quite conclusively resolved by myself after some examination of the geo-political issues. Let's go over this. First General Wesley Clark's interview with Amy Goodman in 2007 gave ample evidence that there were war plans that were classified well before September 11 2001; you have to pay attention to the whole interview. Then I looked at some novel sources such as Isser Harel, founder of Israel's Mossad telling a Christian Evangelist Michael D. Evans who had met with him in 1979

that Muslims were planning to destroy tall building in New York [3]. Then I was the one who showed in photographs that there were *external* remote control devices on the planes during 9/11, giving support for my theory that remote control was the method for commandeering and navigating the planes to their targets in New York and Washington, especially the Twin Towers. Then BBC has reports of actual interviews of some of the suspected hijackers a week after September 11 2001. Then I have interviews with Bin Laden where he clearly denies any involvement with 9/11 [4].

It is clear then, that Israel *thought* about Muslims would destroy tall buildings while no Muslim ever actually ever thought about that; there is no evidence that any Islamist ever actually even thought about doing that. The evidence is that *Isser Harel* was thinking about Muslims destroying tall buildings in 1979. Bin Laden is quite open about what 'operations' he had done but said 9/11 was internal to West. Then there were five Israelis high-fiving during 9/11. Then there is strong evidence than Larry Silverstein, who leased Twin Towers, had been a sayanim, who would have helped Mossad and allowed them to set up demolition explosives in Twin Towers for six months.

Then there is *motive*. Israel knew about the classified war plans in Washington, and might have thought that American public support for the *planned wars* would be facilitated by a spectacular event where a random assortment of Muslims are blamed for it to trigger pre-emptive wars that would benefit Israeli national interests in the long run. The loss of life, while regrettable, which turned out to be around 3000, would be blamed on Muslims and Israel would be safe.

My explanation is clearest: there were no Muslim hijackers in September 11 2001 at all. It was a geopolitical sabotage in order to trigger American war plans in the Middle East which were not in response to any terrorist event at all.

### 3. I AM NOT IMPRESSED WITH NOAM CHOMSKY AND AMY GOODMAN REGARDING SEPTEMBER 11 2001 AT ALL

You see, Amy Goodman, you're not *objective*. If 19 Jewish people were plastered all over New York Times, you would be extremely concerned and not talk about *angles* and all this claptrap. You'd say "it's a lie". But you're biased beyond belief, so you say there are multiple theories and angles because you don't think that it matters all that much so long as Jewish people are not blamed for things like this. That's your idea of being fair and truthful.

### 4. FINE I DO NOT HAVE ANY SELF-HATING JEW PROBLEM

See Paul Jay and Amy Goodman and Noam Chomsky are left Jewish people and they were stopped from seeing that it was *Israel's Mossad* that did the September 11 2001 attacks blaming Muslims. They have to worry about accusations of 'self-hating Jews'. Now I am fortunate because I became Atheist in 1979, and Muslims are lenient towards children, so I became a murtadd and not just an ordinary kafir before puberty, and then escaped Islam and also I'm an immortal genius for Four-Sphere Theory so I don't really give a damn. Whatever anyone does, my immortality for millions of years is written in the stars and every line in everyone's palms and below the oceans and all the stone inscriptions in Ashokan India and all of existence. So I'm a made man. So I can tell everyone that Muslims had nothing to do with September 11 2001 and were blamed by Israel's Mossad. Lest you think

they are *Jewish* let me tell you something. Israel's Mossad is not Jewish. They are followers of a different faith, one that Jewish people never heard of before Stanley Kubrick revealed the faith. It's the *Doctor Strangelove* faith.

#### 5. ALRIGHT PAUL JAY I'LL TAKE ALL THE JEWISH PEOPLE ON IN GEOPOLITICS

You're right in a way, that geopolitics has been a Jewish affair in recent times mostly because Henry Kissinger was Jewish and he sparked American Geopolitics as an interest among many Jewish people. But I'm better than all of you at Geopolitics, so you're on.

I have my World Order plan coming together. You can't even come close.
