United States Government,

Bill Gates is literally a disease upon this world, and he has been destroying all aspects of my life with exercise of power in my Deep Interior and hurting my physical body. He has been systematically destroying me and this is a lawless murderer who uses illegitimate powers.

What right will United States of America to have for existence if you do not destroy these malevolent people who have been worthless unproductive charlatans and murderers all their lives having acquired by these methods some money? Your organisational charter explicitly expresses the purpose of government to secure natural rights of Americans but you fail to destroy criminals who are infinitely worse than ordinary murderers who assault Americans with US War Power and US Industrial Power with plans for genocide of 40% of the nation's people and my legitimate earnings of \$620 million is held up and obstructed, and he is in my Personal meta occupying it and I keep showing publicly my American papers:

and I keep repeating at United Nations that you are obligated to destroy this threat by ordinary language interpretation of US Declaration Of Independence Preamble, and he is still going and going? He had harmed me enough by November 4 2020 , according to Royal Menders of Queen Elizabeth to have killed any Bengali man.

Do you really think that the nation will survive this? I doubt it very much, because no other nation in the world will be able to accept a nation with gigantic arsenal of nuclear weapons that is unable to respond to extremely clear challenge to their founding charter week after week after week and there is a malignant genocide plotter who runs amok threatening not a single person but natural rights of 90% of the world and the nation's government is weak and anemic in response.

United States of America will survive how? If you want to play these games, you should ensure that there is a legitimate Amendment to US Declaration of Independence Preamble but no such thing is possible. You are extremely corrupt

and in non-compliance to the nation's own charter. You will find that the rest of the world is extremely impatient with the United States after this episode.

Why did this pathological liar and charlatan gain wealth and power with your support and nurture, United States Government? It's quite depressing. People cannot trust you. That's not the way to serve the American People.

So 250 years and already about to disappear, eh? You want to keep doing this to Zulfikar Moinuddin Ahmed, keeping a vile destructive murderous criminal whose agenda is genocide keep harming me day and night while you do not eliminate him?

1. I WILL NIX THE UNITED STATES IF YOU DO NOT SECURE NATURAL RIGHTS

I am a man of great Conscience and will do what is right and nix you, the United States of America, totally, if you do not show evidence *to me* that you are serious about securing natural rights. My beloved people the Human Race will be harmed by an illegitimate barbarous organisation that is trigger-happy and constantly begins destroying and killing people in Asia by all sorts of lies and innuendo all the time, throughout second half of twentieth century. You have an opportunity to prove your worth. I have earned \$620 million from David E. Shaw and Christine Lagarde, and you did not secure my private property, something that is your Constitutional mandate. I don't really care if your estimate is that I will not be able to do this or that. My inalienable rights of Life, Liberty, and pursuit of Happiness were granted to me by the Creator and not yourselves, and your existence or not I will determine by weighing my responsibilities to my Conscience which is quite potent and has never failed me in my life.

You don't have forever. You are not impressing me all that much. You ought to have destroyed him physically the moment he breached my blood meta in late 2019. Instead I am in extraordinary physical pains and much of my life has been destroyed by a savage barbaric lawless cunt who would not even fit into the far right and belongs with Ostrogoth barbarians who does not have tenth grade understanding of the basis of laws and institutions in this country, and you are delaying because you think a scumbag, born charlatan and mass murdering son of a bitch like Bill Gates is *more valuable* than me. That is quite ironic, United States Government. I am far greater than James Madison you stupid morons. But have it your way. You want to play Global Chess with a true Master, carry on. Don't go crying to your mommy and throw a tantrum when you lose, okay?
