IS EXTREMELY PROUD OF MY GREAT CONSCIENCE**

I am just thinking about how absolutely totally devoid of any Conscience is this *Bill Gates*. I have never encountered such a malevolent disgusting Conscience-less vile evil worthless human being in my entire life.

He will certainly kill me unless United States Government actually kills him. I won't go into details. What I will say is that it must be that my top ranked Virtue is Love that makes me have such a spectacularly great Conscience, and that is of course the measure of a great man. I am very pleased about this. I have proposed a cease of hostilities between Russia and Ukraine that I do hope Vladimir Putin and the Russians respond to.

As for conscience, Darwin has some interesting speculations about morality and its evolution from 1872. My great Conscience is quite stellar and Bill Gates has not just low Conscience but *negative Conscience*. His Conscience, I know from far too much experience with the little worthless cunt is far worse than the Nazi Generals responsible for the Jewish Holocaust who were fried in Nuremberg. Those men actually have a significantly better Conscience than Bill Gates. Bill Gates was certainly born a *psychopath*.

This is one just one aspect of my superiority over Bill Gates. There are many others. I could write a multivolume series of books detailing them.

See, my top ranked Virtue by Martin Seligman's VIA questionnaire is Love. This is most likely the highest correlate to highest Conscience level. Mine is totally world-class, the best of the best Conscience in the world.

As you can see, I am profoundly proud of my great Conscience. I don't have a gaudy, tacky, tasteless Xanadu 2.0 residence when half a million Americans are homeless, but I do have a magnificent Conscience that is twenty thousand times larger than Xanadu 2.0.

Let's see how my fabulously great Conscience developed. I would say that Fyodor Dostoevsky's novels during my high school years 1987-1991 had the most significant impact in my moral development and profound and great Conscience. There have been many other developments along the way, but I am extremely proud of the vast greatness of my own Conscience. It allows me to consider all human race my Beloved People.
