

YOU DON'T SEEM TO UNDERSTAND US EXECUTIVE WHITE PEOPLE: YOUR LIFE IS TATA IF MY PR REACHES 330 MILLION AMERICANS

ZULFIKAR MOINUDDIN AHMED

You see, US Executive White People, you have no idea who are 330 million Americans. You live in a bubble. You live in a cult-like enclave. Yes, you are from various parts of America, and you think you know so much, but you don't. You say "We don't really like what Bill Gates stands for but we are reluctant to kill him." Well, Zulf is unimpressed.

You this letter I sent out to the United Nations?

1. THE UN LETTER OF NOVEMBER 14 2021

COULD I GET SOME ASSISTANCE FROM FOREIGN POWERS TO MED-
DLE IN US POLITICS?

Dear Foreign Powers,

I need some assistance meddling in American Democracy. Could you distribute this to 330 million Americans pronto?

If you get in trouble with the politicians in America, I won't take any responsibility of course. It's your headache if you take up the request and I will just say "So what?"

Thank you, ZULFIKAR MOINUDDIN AHMED USCIS# 046-077-179

2. ANALYSIS OF THE LETTER

The moment any Foreign Power with the ability to distribute the two populist tools to 330 million Americans takes up this request, you can say tata to your sanity. You see, American people will react in all sorts of ways to those pieces. And your heavenly life will turn into total intolerable nightmare eventually if you fail to comply to my demands. You better authorise military lethal force to relentlessly bomb and obliterate Bill Gates and *Enemies of Liberty of Human Race* who are white wealthy backers of his real soon.

You want to play cat and mouse with Zulf? You want to hurt Zulf by refusing to secure his Natural Rights for a year and still refuse to kill the beast? Well this is not so easy US Executive White People. This will not end well for you at all.

3. TOTAL COUP PLAN

The Foreing Powers such as England, Germany, France, Russia, China, Japan could do a one-two. They could distribute my populist pieces to 330 million Americans, produce a joint military force with UN Peacekeeping uniforms, and then when

around 30% of American white frustrated by 'deep state' and such just want to vote to send you off to Auschwitz, show great alarm at the situation in America and intervene with "Peacekeeping" forces to protect the US Government from danger. Then they can just occupy Washington and we can all discuss why sending people to Auschwitz is bad. In the meanwhile *Enemies of Liberty of Human Race* will be killed in the process averting a Dystopian World Order no thanks to you.
