

ZULF'S SCATHING DRESSING DOWN OF SENIOR UNITED STATES GOVERNMENT OFFICIALS

ZULFIKAR MOINUDDIN AHMED

You were hesitating to enforce criminal and civil and every other law against Bill Gates and he's a career racial hateful murderer and you expect what, various garlands for your pussyfooting when it counts. Where the fuck is your hesitation when you kill $N(\mu = 11200, \sigma = 233)$ random people in Asia for no reasons? You think you are *sophisticated* for hesitating instead of doing your Constitutionally mandated duty?

That's really funny isn't it. Oh I am a plumber, but out of respect for sophistication, I don't fix the plumbing. I hesitate and show my great sophistication. That's really funny, United States Government. You're real comedians.

Now enforce the goddam laws or we'll fire all of your asses and bring in people who have *less hesitation* in doing their goddam jobs, capisce?
