

ZULF THREATENS A CHINESE STRIKE TO WIPE OUT BILL GATES IMMEDIATELY

ZULFIKAR MOINUDDIN AHMED

Alright my life is in danger and no one is handling Bill Gates. John Sununu, contact the highest level Defense punk in Government who can deal with this threat. The threat is the following: China uses military force to take out Bill Gates. United States retaliates by declaring war underprepared. Then I ask all of Asia to respond in unison militarily including Japan and India. Do you understand. You sons of bitches better respond soon. If you don't take out Bill Gates I will make your lives miserable.

1. CHINA DON'T DO A THING DO YOUR SLOW PEACEFUL CLAPTRAP

China hold position and proceed with your peaceful Asia consider and all that don't worry about a thing yet. Now you Defense Boys over here are planning some malfeasance against Asia huh, against United Nations Article 34, with a lot of money put in by Bill Gates, huh? Now that's quite interesting. That's quite interesting enough for me to stop my Asia war to kill Bill Gates over here. So what is going on over here? You mean you have malevolent and illegal plans to introduce strife in Asia that are unprovoked, huh, like disrupting international peace and security without any reason with a lot of preparation in America? That's quite interesting to all of Asia.
