

**FINANCE GURU PETER S. BERNSTEIN DISCOVERS BILL
GATES HAS USED EXTREME VERSIONS OF NAZI META
AGAINST ZULF WHILE CONSIDERING ME 'QUARRY'**

ZULFIKAR MOINUDDIN AHMED

June 22 2021. Peter S. Bernstein, the Finance guru, and author of some truly wonderful books *Capital Ideas* and *Against the Gods: The Remarkable Story of Risk* which have been important in my evolution in Finance, has done a consider and found that Bill Gates has been using extreme Nazi meta against me. He rightly suspects that if he is allowed to continue (to live in my view he should be killed) then there will inevitably be a surge in antisemitism since he will embolden all the antisemitic scum in America eventually.

I am astounded that Washington has not massacred Bill Gates long before these revelations are made. Washington officials will face a great deal of political fire for this. What was US Senate doing while all this was going on when I repeatedly asked them to put Bill Gates to death?

I am *far far far more important than Bill Gates to America and the world* and American Government will pay a very heavy price for allowing this horrible unspeakable horror and mistreatment of me take place while the US Government did not do enough to secure my Natural Rights.
