The World Order we live in today is what I call the 1945 World Order. It was the State Department of Franklin Delano Roosevelt that initially conceived of the United Nations toward the end of the great war.

The success of this enterprise was tremendous. *Except for the United States* every other nation on Earth is extremely serious about the strength of the United Nations Charter, and this is very good. No nation in Asia or Europe, as well as South America or Africa, will even budge micrometers from the United Nations Charter. Overall all nations have benefitted from it. Only the arrogant morons today in United States Government are unaware of the strength of the United Nations Charter and constantly plot wars that are deliberate violations of the United Nations Charter. No other nation would do this. Today United States is accusing Russia of unprovoked war in Ukraine. This is not possible, for it is not Russia that does those things. It is we, the United States of America, who constantly plan and implement unprovoked illegal (by United Nations Charter) wars. The truth is that 19 Muslim Asian hijackers did not contribute anything at all to the events of September 11 2001.

The truth is that United States Government has war plans for regime change in seven Muslim countries in Asia and Africa, planned against United Nations Charter, and classified. The truth is that Israel was in the know, and the truth is that Israel's Mossad produced remote-control and demolition extravaganza sans any Muslim involvement during September 11 2001 and then this triggered the wars planned in Asia by the United States by various lies in UN Security Council.

I am Zulfikar Moinuddin Ahmed, an immortal genius.

And it is my duty of Conscience today to ensure that there is a harmonious peace for my beloved people the Human Race in the future. For this reason I have proposed my *Natural Rights World Order*, which strengthens the United Nations Charter. Around 80% of my beloved people the Human Race would like 'human rights' or as I call them *Natural Rights* be secured. I would like a world order that *guarantees natural rights security for all people of Earth*. The time has come for this bold adventure for the population of Earth.

This Evil, nefarious, savage, barbaric, beastly, destructive, lawless, criminal, murderer, this conspirator for Racial World Order that is purely Dystopian for my Beloved People, this scoundrel and charlatan and practitioner of evil death Magicks from early age, this *Bill Gates*, has accosted me, invading my Deep Interior with US War Power and German War Power, and has declared implicitly a War to harm, enslave, and destroy Asian people and other non-whites for a White Racial Dominance World Order. We cannot tolerate this on Earth.

*Date:* February 17, 2022.

I ask all nations of Earth to thoroughly examine all traces of these White Racial Order conspirators in the United States Of America who have corrupted our government to the highest levels, and produce *Eurasian Defense* to protect against this dangerous threat, the greatest threat to the future of my Beloved People, the Human Race.

May the Light Be With You All,
