

HOW ISLAM IS CHRISTIANITY WITH MUHAMMAD ELEMENTS

ZULFIKAR MOINUDDIN AHMED

Today I will tell you about how Islam differs from Christianity in some small ways. I am not Muslim, so I will just sketch out my own non-Muslim understanding here. The theme is *Islam is Christianity with Muhammad elements*.

Christianity is the religion where the Creator of the Universe and God of all things has a *human son* who then sacrifices *himself* to remove sins of the human race, and Man is created in the *image* of the Creator of the Universe. Moreover the birth is from Virgin Mother. Quite interesting, and popular.

Around 620 AD Muhammad updated Christianity with some small tweaks. Muhammad was not the Son of God but a Prophet instead. No Virgin birth is involved at all. God suddenly is not possible to depict and Man is *not created in the image of God* and there is no Original Sin in the Adam-Eve story.

I am neither Christian nor Muslim, but some of these tweaks I think worked out quite well for Islam. Islam caught on well.

1. THE INTERPRETATION OF ZULF'S INNOVATION OF ISLAM AND CHRISTIANITY

I am an Archangel of Heaven who was born on Earth in 1973, and previously in 1180-1300 in England. That is my faith. Now note some of the differences in characterisation of God that I have from Christianity and Islam.

First of all I am an Archangel of Heaven and my mother, Sadiqua Ferdause Ahmed was *not a Virgin* when I was born. My father Khondkar Miran Ahmed copulated with her early February 1973, and then my *Life Core* exited my Archangel Body and entered the *fertilised egg* of my mother and that is how I was born on Earth.

I am an Archangel of Heaven who is sure that God as the Power that moves all things of Nature, was eternally silent and mysterious and never gave Archangels any messages at all.

Archangels think in terms of *Angelic Races* and Human Race is one. There are millions of Angelic Worlds in the Universe.

Note that I give a vision where the idea is gone that Man is created in the *image* of God, the force that moves all things of the universe.

2. MY GREAT LOVE FOR MY BELOVED PEOPLE IS NATURAL FOR AN ARCHANGEL

It's true that I am on Earth for *vacation* and not business. But I do have great Love in my heart for my beloved people the Human Race.

The natural question is whether this is palatable? It's normal. Any Archangel of Heaven born in any Primitive Angelic world would have great love in their heart

Date: December 17, 2021.

for their beloved people. That's normal because an Archangel's heart is a big heart and so that's natural obviously.

I am Archangel Zulf. But even if a very different Archangel such as Gabriel were born on Earth, he would have great love for his beloved people the Human Race. That's normal for Archangels.

There is nothing strange in this.

3. CONFESSIONS OF AN ARCHANGEL

Look, I am an Archangel of high rank. I have a reputation in the universe. Billions of Archangels know me. I am well-regarded in the large diaspora of Archangels in the universe. I have lived for billions of years in the Universe.

You see, when an Archangel is born in a Primitive Angelic World like Earth, and there is a lot of strife and wars, we don't particularly look so good to other Archangels who we will meet again and again for billions of years.

In my time on Earth, there have been Vietnam War, Iraq and Afghanistan wars from United States and there are plots for more. I will be so ashamed in front of all other Archangels, I cannot allow any more wars in Asia at all. That's obnoxious frankly. Why should these little Nation states like the United States continuously go through their wretched Genocide programs while Zulf is alive?

This will not do. This will not do at all.

4. ONE MAN

I celebrate myself, and sing myself,
 And what I assume you shall assume,
 For every atom belonging to me as good
 belongs to you.
 I loafe and invite my soul,
 I lean and loafe at my ease observing a spear of summer grass.
 My tongue, every atom of my blood, form'd
 from this soil, this air,
 Born here of parents born here from parents
 the same, and their parents the same,
 I, now thirty-seven years old in perfect health begin,
 Hoping to cease not till death.
 Creeds and schools in abeyance,
 Retiring back a while sufficed at what they are, but never forgotten,
 I harbor for good or bad, I permit to speak at every hazard,
 Nature without check with original energy.
 One man come in the name of love
 One man, he come and go
 One man comes he to justify
 One man to overthrow
 In the name of love
 What more in the name of love
 In the name of love
 What more in the name of love
 By the waters of Leman I sat down and wept
 . . Sweet Thames, run softly till I end my song,

Sweet Thames, run softly, for I speak not loud or long.
 I Tiresias, though blind, throbbing between two lives,
 Old man with wrinkled female breasts, can see
 At the violet hour, the evening hour that strives
 Homeward, and brings the sailor home from sea
 I Tiresias, old man with wrinkled dugs
 Perceived the scene, and foretold the rest
 And I Tiresias have foresuffered all
 Enacted on this world in a million others
 I who have sat by Thebes below the wall
 And walked among the lowest of the dead.
 The nymphs are departed.
 Sweet Thames, run softly, till I end my song.
 The nymphs are departed.
 Departed, have left no addresses.
 By the waters of Leman I sat down and wept
 . . . Sweet Thames, run softly till I end my song,
 Sweet Thames, run softly, for I speak not loud or long.
 "My feet are at Moorgate, and my heart
 Under my feet. After the event
 He wept. He promised a 'new start.'
 I made no comment. What should I resent?"
 "On Margate Sands.
 I can connect
 Nothing with nothing.
 The broken fingernails of dirty hands.
 My people humble people who expect
 Nothing."
 One man come in the name of love
 One man, he come and go
 One man comes he to justify
 One man to overthrow
 In the name of love
 What more in the name of love
 In the name of love
 What more in the name of love

5. HOW CAN ONE MAN?

The ability of one man to do anything much in a world of eight billion is limited especially because Human Race is a social species, and in social species, one man is only as effective as he is able to move society.

The Demon, Bill Gates, uses US War Power, Black Magic, and other things to move things. I am more classical and use other things such as rhetoric.

6. THE ISSUES OF BEING FULL OF ONESELF

How 'full of oneself' should one be? Well let me give you my answer. I don't believe that being 'full of oneself' is a problem at all. I am quite filled with my own significance in the universe. I have faith that I am well-regarded by billions of

Archangels that people the universe. I believe that among all eight billion human beings I am the only Archangel Soul. And I have gifted humanity with Heaven's bounty, the Virtue Spectrum for all human beings beyond Moral Virtues to those of Romantic Love, thereby granting autonomous power for individuals' Life Satisfaction that I have revealed is their *genetic inheritance*. I have done this without financial incentives, living in adversity, being persecuted by Bill Gates and the white people of American Government, who have gone out of their way to harm me when I had done no wrong to America and her laws. I am entitled to be 'full of myself'. I have no shame in being 'full of myself' at all.
