

ZULF CAMPAIGNS FOR VOTE OF ASIAN NATIONS

ZULFIKAR MOINUDDIN AHMED

Dear Asian Nations,

I won't lie to you. I immigrated to America in 1987, and although my father Khondkar Miran Ahmed was a senior government official in Bangladesh, a talented singer of Rabindranath Tagore songs and dedicated to the welfare of Bengali people all his life, I was always more Western in my influences.

I do have some pride in my lineage that goes back to Vedic India, but I am American; all my lovers have been European and American, and I am not familiar with the ways of even India, let alone of all of you. At the same time, I do love my beloved people the human race, all Asians, in my own way. I believe that all men are created equal, endowed by their Creator with certain natural rights, and among them are Life, Liberty, and Pursuit of Happiness. And so I ask for your vote to represent all of you. Let me re-iterate the list of nations I am appealing to.

Today your Defenses are not coordinated. Around 4.5 billion of world's people are in your Nations. I have a big heart for all my beloved people and do not wish to see their Natural Rights desecrated by parties who are malevolent and hateful to your peoples.

Give me the power to represent you in United Nations Security Council by Article 34 authority on a limited matter of threats of war produced by malevolent and evil destructive elements in the United States such as Bill Gates and his collaborators. Sign a resolution handing me powers to represent all of you for this limited matter. I will do a better job than any of you can for a number of reasons. First, I am American, and I know these evil racial supremacist sons of bitches and the extent to their evil better than you do. Second, Bill Gates had cut into my Deep Interior and plotted to murder me and I have personal need for vendetta against him. Third, I am proposing Natural Rights Security World Order.

You will eventually have All-Asia Defenses that will prevent these efforts in the United States. But you do not have that now. Therefore, indulge me please and give me authorisation by a UN Resolution with all of your signatures.

1. ZULF'S KEY GOALS WITH THE POWER THAT YOU WILL GRANT ME

From my perspective, the major source of threat to peace and security in the world are a subset of actors among White America. The full spectrum is not known to me. There is no significant threat from White Europeans. The threat is not from

all White Americans. The threat is for wars in any part of Asia. The underlying impulse is Manifest Destiny, which in the past had produced a total destruction and Genocide of Native Americans.

The threat includes Bill Gates and some part of United States Government. With authority of Article 34 representation, I will make an effort to neutralise these threats to Natural Rights of your people that stem from some White People in the United States who have hateful destructive agenda against Asians.

I will implore all of you to secure Natural Rights of all your people independently. But my interest in seeking powers here are to address White Supremacist Asian Genocide war plans from disrupting international peace and security and no more.

2. I WILL BE UNIQUELY MORE EFFECTIVE IN PROSECUTING UNITED STATES GOVERNMENT AND BILL GATES THAN ANY OF YOU

I have been attempting the United States Government to secure my Natural Rights, which they are required to do from US Declaration of Independence Preamble against murder efforts by Bill Gates for a year now without success. Therefore I will be much more effective in the role of representing Asia in UNSC than any Asian country for the threat that actually has tens of billions invested by Bill Gates for actual wars in Asia for the purpose of American White World Domination. Asian Nations are not as aware or as affected by these plans as I have been even being an Asian-American.

For this reason, you should give me authorisation immediately. I have no interest in representing all of Asia generally. My American Dream was to get legitimately earned money and get myself a good life in San Francisco working on Global Life Satisfaction. These Asian Genocide War Plans have disrupted this.

3. THE GREAT DANGER OF UNITED NATIONS SECURITY COUNCIL REVEALED

United Nations was founded for international peace and security and United States is a major founder. United States is also a permanent member.

However, there was always a grave danger that elements within the United States, the veto wielding Permanent member of United Nations Security Council, would be the major sources of disruption to international peace and security. This danger was continuously seen, from Korea, Vietnam, and Iraq and Afghanistan wars. So this is not new. I would like you, the Asian Nations, to empower me to fix this problem. I will not worry about what the UN Representative to United Nations thinks but represent the agent of international peace and security *against* the will of United States Government Representative at UN Security Council. Give me this power.
