

WHY ARE DEATH PENALTY WORTHY CRIMINALS PROMINENT INSTEAD OF DEAD IN AMERICA?

ZULFIKAR MOINUDDIN AHMED

Pentagon, nowhere in Europe or Asia will you find death penalty worthy criminals enjoying tycoon-ness. Why do we have this with Bill Gates in America? What is the principle behind this phenomenon? Why don't you just wipe out the criminal. I personally dealt with Bill Gates crossing 100 death penalty lines in dealing with just myself, and he is still not killed by you at all. Why don't American military kill this son of a bitch as any nation in the world would do? I have \$620 million of my own money being blockaded by him. I would like to enjoy the fruits of my success in American Dream. Why don't you kill Bill Gates and get me my money Pentagon. It is rather outrageous that a Death Penalty worthy murderer is able to do these things to another American and the American Government is busy killing all innocent people it can.
