

ZULF WANTS A THOROUGH INVESTIGATION OF BILL GATES MONEY DISRUPTING DOCTORAL WORK ON NATIVE AMERICANS

ZULFIKAR MOINUDDIN AHMED

Native American Genocide was the worst in history and much worse than the European Jewish Genocide in effectiveness. Bill Gates, the white supremacist malevolent cunt, has put in money to disrupt the doctoral work on Native American history. I want the US Senate to investigate. Then I want US Senate to find him guilty of all charges and use horse drawn carriages to rip apart his body. This malevolent racial cunt must be killed with *cruel and unusual punishments*.
