

## BILL GATES' ENGLISH-META BLUNDER AGAINST ZULF

ZULFIKAR MOINUDDIN AHMED

Bill Gates is a hard-core and lawless criminal, and he has a plot to harm all Asians. One of the greatest feats of mine is to evaluate the deep wounds of Bengal by England and then use it against Bill Gates.

I am Asian-American, and most Americans do not know the strong feelings between Bengal and England that has transformed quite a bit since 1947. Bill Gates, of English-Scottish ancestry, cut into my deep interior with his 'whites are superior' ideas frighteningly ignorant of all English history, and he used, to his peril, *English* meta to harm a Bengali ethnic man in America.

Bill Gates, filled with hubris and malevolence, illiterate beyond all imagination, has very little idea of course of the repercussions of this act. This immediately allows me to coerce—yes *coerce*—England against various diplomatic efforts to shore up friendly relations with Bengal and simultaneously publicly mark Bill Gates as an enemy of England.

### 1. THE LETTER OF NOVEMBER 5 2020

#### ZULFIKAR MOINUDDIN AHMED APOLOGIZES TO PEOPLE OF ENGLISH ETHNICITY IN AMERICA AND THE WORLD

Dear English Brothers and Sisters, I apologize to you for getting carried away by my rage at Bill Gates and plotting Holocaust on the entire English tribe. I recognize that the centuries of English Rule in India has passed long before my birth but at the same time, there are deep wounds in India due to Famine of Bengal and in China with Opium Wars by England and Bill Gates, by applying evil meta in America on myself using African slave and other meta, by assisting Noia Efrat who had been cutting my eyes provoked deep wounds in tribal history for I am mostly of Bengali ethnicity although I am fully American in my mindset. Bill Gates is uneducated and uncultivated in history. Of course everyone in Europe knows that White Race is an American fiction and to me it is a fiction that must be eviscerated because the Human Race is a single race and European ethnicities in America must coexist to forge one people with 18.5 percent Hispanics, 13 percent blacks and others. I am American but I am Asian in origin. America is not a white country. It is a multi-ethnic classical liberal democratic Republic. I do appreciate very much English culture and am fond not just of Shakespeare and the Romantics but much more, Radiohead, Adele, Led Zeppelin and so on. I do ask for forgiveness. I will focus my rage more on Bill Gates directly next time instead of plotting to HOLOCAUST the entire English tribe.

Thanks, ZULFIKAR MOINUDDIN AHMED

## 2. DAYS PASSED: 386 DAYS

In other words, *after* Bill Gates did enough harm to kill any Bengali man, on November 4 2020 to me, in 386 days, I had turned around from being driven by Bengali ethnic impulses against England from *colonial times* I had pushed myself to the point of seeking employment from English Royal Family instead, and am in a position to turn both *all of England* and *all of Bengal* directly against Bill Gates. I am most pleased by my own performance here.
