

SECOND OPEN LETTER TO INDIA NOVEMBER 25 2021

ZULFIKAR MOINUDDIN AHMED

Dear India,

I asked China to handle Global Individual Debt that will tie up a third of China's GDP in the project. Don't bother China with this. We have found Mitch McConnell and Rand Paul of America's Republic Party conspiring with *The Enemies of Liberty of the Human Race* Bill Gates. I want you to drag the entire Republican political leadership – the guilty ones –through the streets and tar and feather them and execute the whole lot of them for Treason against the United States and execute them by Guillotine in front of the Capitol Building. Some of them are okay such as Ted Cruz. Find the guilty for me, India, and prepare the *tar and feather* too. Do you have good tar and feather?

For your convenience I will show you. This is an image published in 1795.

Retribution: Tarring and Feathering, or The Patriot's Revenge, pub. 1795, (hand coloured engraving). Nay & you'll stop Our Mouths, beware Your Own'; Charles James Fox (1749-1806); William Pitt (1759-1806); Richard Brinsley Sheridan (1751-1816). Artist James Gillray (1757 - 1815). I took it from [1].

1. REPLACE THE GUILLOTINE WITH APPROPRIATE HISTORICAL INSTRUMENT

The Guillotine was used much more in the French Revolution. Please do the appropriate replacement for execution. Use the big open space in front of US Capitol building to do all the execution and ensure that all the network cable channels of all continents get good footage for global distribution.

India, I have seen some competent political maneuvering in the three thousand years of Indian history. Do a good job here. I am American, but this is your chance to show the world some fancy maneuvering. Do not fail me, India.
