

ZULF WILL DO SOME DIPLOMACY WITH US EXECUTIVE WHITE PEOPLE

Fine, non-white people can get involved, but my negotiation here is with US Executive White People.

Fine, US Executive White People, I will use a political play. I want you to totally destroy and obliterate Bill Gates and all his white wealthy backers involved in White Master Race plot. That's what I want. In exchange I will not arrange a foreign occupation of Washington and turn you all into Prisoners of War.

Now you might say, well, we can just send one of our goons – I mean FBI officers – right in Meadowgate Drive Allen and pick you up and you'll never see sunlight ever again. You could, you could, but you see, I can occupy Washington in a matter of weeks if you don't give me what I want.

Let me tell you how. I will get a mutual defense alliance between Germany, England, France, and China, Japan, and Russia. You might say, ah but our State Department knows Europeans and Asians directly. Well au contraire, I have had a Danish lover for years and understand European political consciousness and have myself values closer to Europe. I can charm the whole of Europe before you can even prepare for Thanksgiving Turkey to celebrate the murder of all the Natives. Then you will have all the foreign powers wearing UN Peacekeeper costume and occupying Washington.

You better give me what I want fast, US Executive Whites.
