

JUNE 22 2021 THE GREAT DAY WHEN ZULF EXITED THE SMALL STAGE AND ENTERED THE ARENA OF AMERICAN HISTORY MAKER

ZULFIKAR MOINUDDIN AHMED

I am so badly hurt by Bill Gates and he was messing up my digestion and metabolism. Things were slow and US Senate, despite some quite good threats, did not respond to relentlessly bomb Bill Gates and obliterate his physical body.

Good news finally arrived on June 22 2021. IRS had taken a look at my voluminous commentary on Bill Gates through American Enterprise Institute emails and decided to launch a *criminal probe* on Bill Gates.

In other words, I, Zulfikar Moinuddin Ahmed, had single-handedly persuaded Internal Revenue Service of launching a Criminal Probe on Bill Gates.

My joy knows no end. I have, without any money, while living on disability in Allen Texas, while being denied all legitimate earning by Bill Gates literally achieved a turning of the fortune of Bill Gates without dying even once! No one in American history can claim anything remotely more heroic, to turn the tides on an American tycoon by the IRS while without much money. This makes me a great player in American History. I am now like a latter day James Madison like my illustrious predecessor, who after great struggle and adversity turns the tides. Of course it is to the credit of IRS that they did respond. They will not be disappointed. There will be very few things IRS will do in their entire history more satisfying than systematic destruction of Bill Gates. But it was I who sparked this great turning of the tide.
