TAKES NO RESPONSIBILITY FOR JAY POWELL AND US
FEDERAL RESERVES GETTING INTO BILL GATES FINANCES**

Dear American People,

I swear on my honour that I did not set Jay Powell and US Federal Reserve to consider Bill Gates finances. I would never do that even to my worst enemy. It's true that he is a sick evil, horrid racial supremacist who is plotting genocide and dystopia for the world but still I have a heart. I have compassion. I don't want to have guilt about how Bill Gates will soon wish that he had died and were tortured in Hell rather than this agony, this pain, this un-ending source of unhappiness.

I want my fellow Americans that I wasn't the *snitch* here. Bill Gates did it to himself. I swear I didn't do it.

Thank you,
Zulfikar Moinuddin Ahmed
