

UNITED STATES GOVERNMENT WHITE PEOPLE ARE CORRUPT BEYOND ALL LIMITS

ZULFIKAR MOINUDDIN AHMED

Bill Gates is a murderous criminal who violates criminal law all day and all night and 20 times on Tuesdays. White people in American government pretend that that is excusable, corrupting the United States Government. Then they come up with excuses like, "Well, he's popular" even though his popularity will evaporate the moment American People know that he violates criminal laws because American People hate criminals who harm other Americans. Then American government white people say, "Well, he does something for economy" while in fact murderers have to be punished even if they have some money and do something in the economy. So they *fuck the American People in the ass all day* and they feel good about it.

1. QUEEN ELIZABETH IS DOING CONSIDERS ON ME PERSONALLY

American White People in the Government can kiss England's respect goodbye permanently very very soon after Queen Elizabeth does all sorts of considers on what Bill Gates did to my meta and how American Government reacted with total lack of interest at horrible violations of my Natural Rights for a year. What will she think of you after this? You thought she wouldn't consider me directly because your racial biases got in the way, but I am *Bengali* you stupid fucks. Bengal and England have a longer – if a little contentious in the past – relation that the whole lot of you and your ancestors. And now your horrible negligence of my American Constitutional rights will be exposed to the Queen of England. And you can say bye bye to the love of the your Mother Land or whatever. It will serve you right.

2. AMERICAN GOVERNMENT WHITES YOU GET PAID TO SECURE NATURAL RIGHTS NOT JERK OFF

The country has 40% non-whites and you are taking people's money and jerking off when non-white Natural Rights are threatened. You're not paid to do that. It says in the US Declaration Preamble what your goddam job is and it is to secure American People's Natural Rights. You don't actually get paid to discriminate and only secure Natural Rights of rich white people ok? You are paid to secure everyone's Natural Rights.

3. SOCIAL PSYCHOLOGY OF YELLING AT THE TOP OF YOUR LUNGS

In theory, you can take any statement you like and yell it at the top of your lungs. You can yell, "Black is White". But that's not interesting. You see, if you take a proposition that is not really true at all, people will mark you are looney bin and move on. Your reputation will be the crazy guy who yells absurd nonsense.

Date: November 20, 2021.

If you want to yell something loudly, you want it to be *true*. That's the first step. Then still people will not give a damn if you are one guy yelling. They will say "Oh, that's your opinion but we don't actually care." That's good. That's the first step. The next step is that it is *true and it is of value to more than some people*. This is the point where things get interesting, and not before.

You see, when you say something at the top of your lungs and it is true, then when it is of interest to larger group of people, they will *also* begin to yell the same thing *being encouraged by you*. So that breaks the timidity. They will say, "Oh this guy did something I thought would get him killed or jailed or repressed or beat up." Let's look around. Oh he's not dead. Fine, fine. I'll yell it too.

Then that's still not interesting. You have a bunch of people yelling. So what? Big deal. Then there is a phase transition after a while then you have millions yelling the same thing.

That's when things get interesting. At some point, the target, in this case American Government whites, have to respond, because the democratic mob will begin to get dangerously ready to burn down all their houses.

Now they won't do a goddam thing until that point. But I am not naive. I know that it's a long way off still. On the other hand, I also know that you can't get to point Z if you never take point A.
