

ZULF ASKS DIRECT QUESTIONS AGAIN TO WHITE PEOPLE IN AMERICAN GOVERNMENT

White People in American Government, yes all 1.4 million of you. I will refer to you collectively as *American Government*. I don't want any of you to think that I am talking to someone other than you. That's right. From now on, when I use the phrase *American Government* I am talking to every single 1.4 million white people in American Government at all levels. Don't respond with 'beats me, talk to those other guys'. No. I'm talking to *you*.

Before I go on, let's look at Robert DeNiro in *Taxi Driver*. You know I used to live with my ex-wife Natalia Brizuela on 13th Street between 2nd and 1st Avenue years ago. I loved it there. Near NYU, St. Mark's Place. Loved St. Marks Bookstore, where I once saw Dr. Cornell West do some shopping. That's the neighborhood of *Taxi Driver*.

That's right. I'm talking to *you*.

You know, you've been killing a lot of random people all over the world. I have a good credible estimate that you killed

totally random people in Asia using drones. I am quite sure you have no clue who these people were. There was no habeas corpus. There was no due process. There was no trial by jury. I don't think that's very American at all.

We're American. Me, I'm Asian-American. I've been in this country for 34 years, with Permanent Residency for 24 years. I'm American, and I can represent 330 million of my fellow Americans without problems on this. We're Americans, deeply American, and we love the United States Declaration of Independence you see. We hold these truths to be self-evident that all men are created equal, that they

are endowed by their Creator – not you but their Creator – with certain inalienable natural rights. And we believe that our government was instituted to secure these rights for us.

Now *American Government*, why don't you fulfill the purpose of government and secure our natural rights? Why are you killing people without due process, innocent until proven guilty, trial by jury of peers? Why are you aiding and abetting every murderous criminal like whatshisface, Bill Gates, while not securing natural rights of his American murder victims treating him like your bosom buddy?

You know this is not going to fly, don't you? Why don't you shape up real soon, *American Government*? You're starting to piss me off. You really think that's what you want to do? You want to piss Zulf off?

1. ONLY IN THE TRANSCENDENCE TO EXPRESSION OF DEEP HEART OF HUMANITY WILL THIS SUCCEED

The anguish, the dismay, the puzzlement, the disappointment, the hopes dashed of not just 330 million American but of ten billion of Earth must find expression at a moment of transcendent sublime. This is art, and this is art that has the power to change the entire world. This is what one has to look for. The *American Government* will not feel like they need to respond until that threshold is reached, for beauty is the beginning of terror that serenely disdains to vanquish you that you can barely endure, and it is *that beauty* that has to be reached in order for a transformation. Until then I am only a single human being, still unable to channel through my acts the vast and subterranean depths of the human heart expressed so simply, so clearly, that it is divine.
