

# **BILL GATES HARMS PEOPLE UNPROVOKED HABITUALLY SINCE YOUTH**

ZULFIKAR MOINUDDIN AHMED

I am thinking these days about love and morality. Now I never met Bill Gates physically. I came across him in meta, got himself interested in some alpha strategy I had developed with years of work that D. E. Shaw & Co. were trading. Then he plotted to murder and destroy me and take all my work and distribute it to white people. I was owed \$120 million and he denigrated my genius work and insulted me and then forbade all money to me and invaded my deep interior.

I am American. I have never come across a more horrible, evil disgusting, low, worthless, shit, putrid, abominable, ignoble, criminal cunt in my entire life.

## **1. WHAT HE DESERVES IN MY VIEW**

He ought to be physically beaten to a pulp. All his bones ought to be broken. Then gasoline ought to be poured on top of him. Then he ought to be set on fire.
