

HOW DO PEOPLE FEEL ABOUT MY STYLE

ZULFIKAR MOINUDDIN AHMED

I just saw in meta some of the Harvard Professors do a Woody Allen sort of style. I thought I would share my own style to see how people feel about it.

I really did spend some time looking for the right frame for the sunglasses and picking the fabric of the vest. It's extremely Zulf and is meant to have some refinement in colour coordination that is not too gaudy or ostentatious, a bit subtle and to hide the fact that I wasted a lot of time picking through hundreds of sunglasses and vests.
