

ZULF'S GREATEST DISCOVERY SINCE UNIVERSAL HUMAN MORAL NATURE: BILL GATES IS A TOTAL HICK HUCKSTER AND INTELLECTUAL CHARLATAN

ZULFIKAR MOINUDDIN AHMED
ZULFIKAR.AHMED@GMAIL.COM

That Bill Gates is a total hick illiterate huckster, a third rate mind, and an intellectual charlatan without any gifts at all, this is a discovery of great genius. I have other discoveries of great genius. My four-sphere theory is the greatest breakthrough in all of history of Science of 350 years and far more profound than anything done by Sir Isaac Newton or James Clerk Maxwell.

But my discovery that Bill Gates is a total con artist, is without any intellectual gifts at all, that he is evil from birth, and is a total con man, this is a discovery so great that even Arthur Conan Doyle's imaginary genius Sherlock Holmes would have been quite fooled.

After four-sphere theory and universal human moral nature, two profound breakthroughs due to my genius, the third is discovery that Bill Gates is a con man lacking all intellectual gifts and is fundamentally just a showman, a *charlatan* without any intellectual gifts worth a dime. He did not get an SAT of 1590 at all and he did not have any IQ of 160. He's just a fake philanthropist and not gifted in intellectual realm but a poser, a man without any genius at all in intellect. But he is gifted in (a) European Black Magic that is forbidden, (b) Exercise of White Power, violation of United States and International Law against non-white people, (c) Exercise of US War Power against Asian-Americans like me. He is an extremely zealous White World Order man, and he is a grave threat to the United States Constitutional Republic who must be brought to justice.

These are some of my pioneering discoveries and I am profoundly proud of my discoveries. I, Zulfikar Moinuddin Ahmed, have exposed this charlatan who has managed to evade all previous examination. He is a con man, a charlatan, and not an intellectual genius by any stretch of the imagination. He is a college dropout for only one reason, that *he was not good enough to produce a satisfactory degree at all at Harvard*.

1. YOUR REPUTATION IS CHALLENGED AT STANFORD BILL GATES

Bill Gates, you considered me *not American* and I fended off the challenge to my reputation with my Permanent Residency Card.

You had lied to high US Government Officials and said that I had *forged papers* and I showed the world that I had a legitimate honest-to-goodness Permanent Residency granted after a long process. You see years ago, I was young and I was married to Natalia Brizuela, who is white, half Argentine and half American. Her mother was from Pennsylvania. She was Irish-American. We are divorced now from 2005. But I was stuck in Argentina for months for United States deliberation. And I was finally allowed to enter with Permanent Residency.

You are far too ignorant to even know the process of immigration and naturalisation process. Those things happen when, instead of doing productive work, you spend your time accosting Americans pursuing their legitimate ambitions, the American Dream, such as myself, and you pretend that *White People Are Evil* and *White People exist to inflict harm and misery to nonwhite people*. These are not actually true, but you are a very deranged parasitic malevolent pathogen in American Society, so you don't even know what white people in America are like.

ZULF'S GREATEST DISCOVERY SINCE UNIVERSAL HUMAN MORAL NATURE: BILL GATES IS A TOTAL HICK HUCKSTER

You are a pure and total charlatan, Bill Gates, not any philanthropist at all. And I am far superior to you in intellect as well as in Virtue.

You have been pursuing White World Order for most of your life. Well, I have responded to your challenge with my Natural Rights World Order explicitly at the United Nations.

You have used excessive and aggressive (a) White Racial Power, (b) US War Power, (c) US Industrial Power, (d) European Black Magic Power forbidden from thirteenth century violating every law of civilisation breaching my blood meta and into my Deep Interior. And have you killed me yet, Bill Gates? Or even in racial murder are you as incompetent as you are in graduating colleges?

2. BILL GATES HAD USED US INDUSTRIAL POWER IN MY PERSONAL DEEP
INTERIOR TO DESTROY MY FAMILY HEIRLOOMS OUT OF OUTRAGEOUS
MALICE

Bill Gates had used US Industrial Power in my Deep Interior to Destroy my Family Heirloom. I am of an Aristocratic lineage of Asia of several thousand years, and these were extremely valuable. I ask Asia to negotiate with United States Government to produce a just outcome.

I warn all American People that Bill Gates is extremely malevolent, capricious, lawless, evil, and a murderous criminal. I ask the United States Government to do their Constitutionally mandated duty and remove him from a position to threaten around 100 million non-white Americans. He is deceptive and has been strongly white supremacist and has dedicated his entire life not to technology innovations but to destruction of non-white people's natural rights, our careers, American Dream and even physical health. He is supremely malevolent white hate type man. He is not a philanthropist at all.

3. BILL GATES USED INDUSTRIAL POWER TO MINCE MY FLESH AND
TOTALLY SABOTAGE MY LIFE AND CAREER IN AMERICA

Bill Gates had used *US Industrial Power* in my Deep Interior to mince my flesh in Meta and sabotaged my Finance career and entrepreneurial ambitions illegitimately. He is a rotten evil son of a bitch and I will not rest until he is brought to justice.

4. THE WORLD IS VERY VERY LUCKY THAT BILL GATES ACCOSTED ME
RATHER THAN SOMEONE WITHOUT STRONG GENIUS IN GEOPOLITICS

It just so happened that I knew that Muslims had nothing to do with 9/11 at all and it was Israel's Mossad. It just so happened that I was thinking about what to do about global peace and security and I thought of Natural Rights World Order just in time. I don't even know how these idiots in Washington would have done anything right. They live in their delusional world over there. So now my Natural Rights World Order is just perfect after this outrageously malevolent and evil total charlatan Bill Gates is put into his cage somehow. How does United States Government manage to botch so many different things all at once? It boggles the mind. They have real talent over there. They don't just botch one thing or two things. They botch thousands of things all at once so that I have a hard time figuring out which thing to fix.

5. BILL GATES SAYS HE "LIKES THE FEELING OF POWER" OVER ME

Bill Gates uses huge amounts of European Black Magic forbidden in the thirteenth century, and I have been a victim of his use of these ugly destructive things. Many people do not know what it is. It's not particularly subjective; four-sphere theory will eventually provide fuller understanding.

The crux is that Black Magic is not about any particular magical incantation. It is basically just harsh power whose purpose, like US War Power is to *inflict harm to the victim's health and life*. It is helpful to think of it as direct non-physical criminal ability to harm people without physical contact. It's quite real, quite potent, and I know from personal experience – from being a victim of Bill Gates effusive and enthusiastic use of it – effective in degrading health and normal functioning.

I would strongly urge United States Government to consider Bill Gates *in criminal violation* of natural rights of Americans for his use of European Black Magic forbidden from thirteenth century. Black Magic by its very nature is precisely criminal harm to others by use of non-physical means.

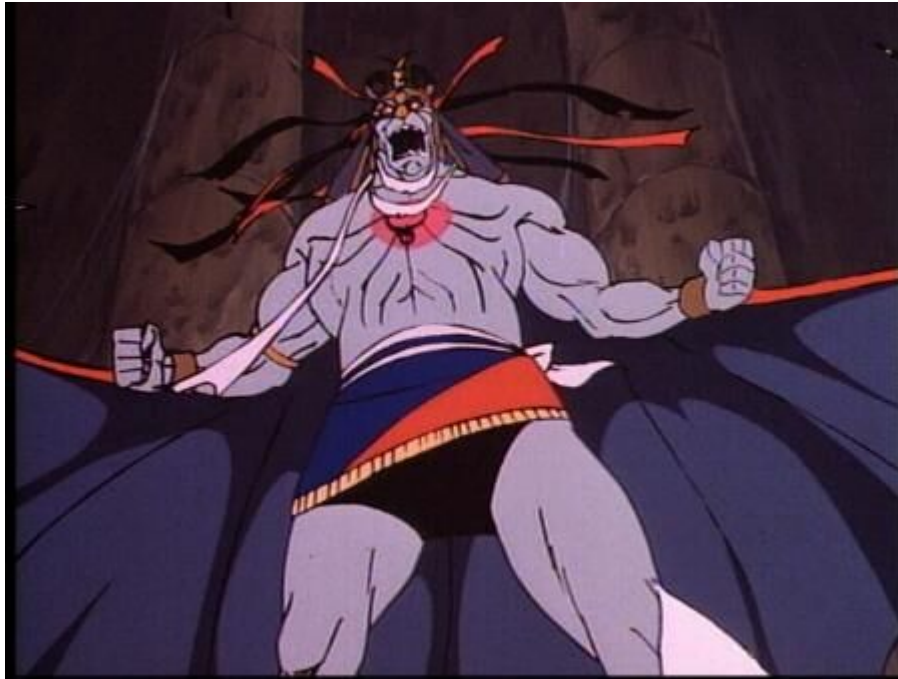

Now I am interested in myths, European myths as well as others. I am a strong devotee of Percy Bysshe Shelley and English Romantics generally, and am familiar with the oeuvre of Joseph Campbell. I have also – partially – read *Structural Anthropology* of Claude Levi-Strauss and have some ideas about how mythologies could be quite potent in Positive Psychology Technology applications.

One way to interpret the Arthurian Myths regarding Evil Sorcerors is precisely that Black Magic as an effective use of destructive power to harm individual health was already prevalent in tenth century Europe. It's not fantastical; it's quite real, quite potent, and Bill Gates uses it in abundance to arbitrarily harm Americans without constraint. These are issues that United States Government ought to have dealt with many decades ago. They ought to have known that Bill Gates is a destructive malevolent harmful man with strong convictions about enslavement and harm to non-white Americans. I am not impressed with either their diligence in knowing things that are their duty, and I am not impressed with their inability to secure my natural rights even after I had made a huge amount of effort to be heard that Bill Gates was a malevolent man who was harming me for months after months after months and they have still not apprehended him. I am not alone in being his victim and 100 million non-white Americans are threatened. United States Government's legitimacy will certainly be questioned at the United Nations and other international bodies if the government is not able to handle fairly clear and simple outrageously obvious public dangers because they are bamboozled by illicit wealth of a con man and a charlatan like Bill Gates.

6. NOW BILL GATES SOUNDS LIKE MUMM-RA IN META

Bill Gates says he has been using black magic since early childhood and it has all sorts of benefits of 'control'. He sounds to me just like Mumm-Ra.

ZULF'S GREATEST DISCOVERY SINCE UNIVERSAL HUMAN MORAL NATURE: BILL GATES IS A TOTAL HICK HUCKSTER

This man has absolutely no respect for human life at all. What he achieves with black magic is extraordinary harm to individual but he is habituated to harming people all his life so he considers that to be positive for him. This is very very very very very bad. United States Government should have known these things. He has used such voluminous amounts of harmful powers against me that I might not even live, and he could be harming literally 100 million non-white Americans right now and our natural rights are not secure from Evil Sorcerors like Bill Gates.

7. BILL GATES IS INFERIOR TO ME

I hold the strong view that malevolent and harmful intention towards others is *strictly inferior* to benevolent intentions and actions towards others. Therefore I consider myself *greatly superior to Bill Gates* obviously because I would never contemplate using black magic at all as I find the notion totally disgusting, filthy, low, evil and frankly yucky.

He is inferior to me in every possible way. He is an Evil Sorceror who has been harming others nonstop for 66 years while I had been good, kind, productive virtuous and I have been an immortal genius while he has been a charlatan.

Therefore there is absolutely no question in my mind whatsoever that *Bill Gates* is inferior and I am superior.

8. US GOVERNMENT CONSIDER FINDS BILL GATES WAS DOGGED IN ATTEMPTING TO DESTROY MY INTELLECTUAL ABILITIES FOR WHITES ARE SUPERIOR PROGRAMME

This idiot Bill Gates is so stupid that it is unbelievably. How will it prove that Whites Are Superior or whatever if he damages my intellectual ability? It's like shooting the knees of people and declaring the others superior in marathon running. This man Bill Gates is idiotic beyond belief. He cannot even handle simple-minded

logical deduction. Total charlatan. It would take most bright people five minutes to determine that whether whites are superior or not cannot be determined by hurting body and mind of non-whites because hurt people are not reasonable fair comparison. Everything about this man Bill Gates is facade and seems-like and sham. Total charlatan.

9. I MAY NEVER RECEIVE WELL-DESERVED TENURE OFFER FROM STANFORD

I have been seeking tenured full professorship from Stanford University for months. It may or may not happen. I am literally constantly accosted by Bill Gates whose project is to destroy me in every possible way for his Whites-Are-Superior Agenda. That's what this man is all about, extreme destructive malevolence towards non-white people; he has nothing else really going for him. He's a dipshit intellectually, and a pure charlatan.

Regardless of whether his diabolical plot to starve me of all income and perish without recognition for my great works in four-sphere theory succeeds or not, I will record my writings for posterity. Asia is considering as well, and they have to adjust to these sorts of threats from America, these deceptive charlatans who are pathological liars who are full of zeal for destroying Asian lives. They can't afford not to learn from my experiences as 4.5 billion people's lives and well-being are at stake for them.

Perhaps my Github Archives will be all that occurs from my efforts. And that is fine, for I have put forward my gifts to the world and they are great gifts. History and time will clear up their worth.
