

EXTREMELY PUBLIC LETTER TO ISRAEL'S HASBARA

ZULFIKAR MOINUDDIN AHMED

Dear Israel's Harbara,

First of all, there were no hijackers during September 11 2001, and it was Israel's Mossad who did it to trigger American War Plans that were classified. Bin Laden and Al Qaeda had nothing to do with it.

Second of all, why don't you learn something about Muslims, a religious community of 1.5 billion adherents from 620 AD or so. You should read books by Richard Eaton, who is now at Arizona, and Andre Wink, who is Dutch but was at Madison-Wisconsin. Why don't you do some real intelligence gathering instead of lying about Muslims all the time in America? You don't actually know all that much about Muslims. Why don't you do more studying and learning and less lying about people you don't know?

Thank you,

Zulfikar Moinuddin Ahmed
