

I WILL SHOW YOU OUTCRY PENTAGON

ZULFIKAR MOINUDDIN AHMED

You want outcry? Do you? You're sensitive to outcries, is that right? You are worried about outcries about all sorts of things, so you let Zulf get hurt, huh? I will show you outcry you miserable wretched sons of bitches. Wait till I take \$1-2 trillion from American Government coffers and the Supreme Court points you as the reason they have to pay. You will have American taxpayers burn down all your houses you stupid sons of bitches. You want to be *sophisticated* while Zulf gets hurt huh? I'll *show* you sophistication. You think getting Zulf hurt is funny huh? I'll show you funny when millions of American people go to your living room asking you why their hard-earned money is given as penalty for your *sophistication*.

1. FINE I WILL TELL YOU WHAT WILL HAPPEN

You see Joe Biden has a standing order to US Security that if accusations against Bill Gates are true then kill him. US Executive Whites conveniently passed on the burden to Pentagon. Now Supreme Court will *rubber stamp* \$1-2 trillion without a thought. They don't think US Executive does enough to secure Natural Rights. They will wave their hands magnanimously generally blaming US Executive for the failure while getting their political aim of forcing US Executive to secure Natural Rights with a precedent.

So where whose houses will American People burn down from their rage? You want to play outrage? You think people will be outraged if Bill Gates is killed? You have no idea how much American people don't give a damn if a rich white unproductive fuck is offed. They will read it on tabloid. They will sneeze and say wow that's quite a scandal. Then they will buy their Schmucker's jam for their breakfast and turn their attention to the high prices these days of those cool Apple iPhones. You are fools, Pentagon. You should have killed Bill Gates immediately as you got the burden handed to you.

2. NO ONE ON EARTH HAS BEEN CONTINUOUSLY HARMED BY A LAWLESS MURDERER FOR MORE THAN A YEAR IN FULL KNOWLEDGE OF GOVERNMENT

Pentagon, it does not bother you that no one in history of Mankind has been harmed directly in front of the government for an entire year and the government, you do not do anything to kill him for an entire year? It does not register to you? In no country in the world would this criminal have lived a week after breaching my blood meta. He was not even arrested. You don't think you should look at your image in the mirror and ask whether you really belong in the government of a country whose government has purpose of securing Natural Rights of its people by Constitution? You don't think that there is anything wrong with your logic
